EXECUTIVE SUMMARY:

All sites and departments purchase a variety of technology related equipment, software, and support services as necessary throughout the year. A solicitation issued by the Purchasing Department establishes a list of qualified vendors as approved by the Technology Department, that offers discounts, sufficient inventory, products or programs, and general convenience for the order of these items. Staff recommends approval of renewal from all responsive vendors per the attached tabulation sheets, as vendors have agreed to renew for an additional two-year term from July 1, 2024 to June 30, 2026. Orders are primarily placed by the Technology Department with individual schools/departments placing orders as needed throughout the year. The estimated annual exposure for the 24-25 school year is in the amount of \$5,600,000.00.
