Dear Hiring Team:

My life-long love of the library led to several years of working as an Assistant Manager and Children's Programmer at the Maumelle Public Library, with the Central Arkansas Library System. It was a wonderful experience. I started the Toddler-Time Story Time, two Mother Daughter Book Clubs, a Young Adult mystery night where we closed the library and the young people solved the mystery using our reference resources, among other programs.

I worked actively with the community to build relationships with local schools and organizations. I maintained many of the relationships when I left the library to get my M.B.A. Since moving to Florida, I have graduated from the 2017 Clearwater Citizen's Academy, and the 2019 Pinellas County University. I have served on the Pinellas Forward task force for public transportation options. I have volunteered with many local organizations, including the Clearwater Friends of the Library.

When working on my MLIS, my studies focused on marketing and promoting the library. I particularly enjoy leveraging my over twenty years of excellent customer service to engage the community. My passion for the library, coupled with my MLIS and M.B.A. uniquely position me to utilize available resources efficiently.

Before returning to working in the library, my experience in the private sector focused on Human Resources technology. I have extensive experience with MS Office. I am proficient in Excel- including PowerPivot, PowerQuery and coding in MDX. I can code in multiple systems, including SAP, SQL, and Python. As you can see from my resume, my HR systems experience includes PeopleSoft, Hyperion and Workday.

I look forward to discussing how my talents can benefit your organization.

Sincerely,

Meg Taylor
