Hi Mr. Slaughter,

These is for replacement of 3 generators lost by Public Utilities during Helene. If you could please approve for replacement.

Thanks
Deb

Good afternoon, Deb,

Please see attached Storm Related Replacement forms for G3053, G3062, and G3063. I worked with my Electrician Supervisor, Zeron Rance, to confirm the attached quote.

Thanks,

Daniel

Good afternoon Deb,

I had reached out to a Generac representative, Zach, with ACF Standby Systems and he was supposed to have John Lundahl contact me. I guess John services our area. I have not heard from him, so I contacted Zach again. I am still waiting for them to respond.

Thanks,

Daniel
