

**AMENDMENT NUMBER FIVE TO  
AGREEMENT DATED JUNE 14, 2018  
BETWEEN CITY OF ORLANDO AND  
U.S. SUBMERGENT TECHNOLOGIES**

**THIS AMENDMENT TO AGREEMENT** is made and entered into this 21<sup>st</sup> day of June, 2022, by and between the City of Orlando, a municipal corporation organized and existing under the laws of the State of Florida, hereinafter referred to as the "City" and "U.S. Submergent Technologies", hereinafter referred to as the "Contractor".

**WHEREAS**, the City and the Contractor entered into an Agreement ("the Agreement") under the date of June 14, 2018, whereby the latter would perform certain services with respect to the structural cleaning services; and

**WHEREAS**, the City and the Contractor desire to amend the scope of services of said Agreement to structural cleaning services

**NOW, THEREFORE**, in consideration of the mutual promises and covenants contained herein, the parties agree as follows:

**I. SCOPE**

The Scope of Services of the Agreement are hereby amended to add additional pay items to the Pay Item Term Sheet, which represent services performed by SediVison and as set forth in Exhibit "A" attached hereto and incorporated herein by reference. The Contractor shall continue to provide structural cleaning services.

In all other respects, and except as specifically modified and amended herein and in Renewal dated January 7, 2022, Renewal dated March 12, 2021, Renewal dated March 3, 2020, and Renewal dated February 11, 2019, the Agreement dated June 14, 2018, shall continue in full force and effect as written and the parties hereto agree to be bound thereby.

\*\*\*\*\*

IN WITNESS WHEREOF, the parties hereto have hereunto set their hands and seals on the date first written above.

RE: Amendment to Contract No. IFB18-0255 with SCN-002589

Dear Mr. McDonald,

We are pleased to provide the approved changes that U.S. Submergent Technologies, LLC is making to contract no. IFB18-0255 with SCN-002589. We appreciate the opportunity to expand services offered to the City of Orlando by adding SediVision capabilities to our existing contract.

For these services, U.S. Submergent is acting on behalf of SediVision, LLC, our sister company, and is approved by SediVision to do so. U.S. Submergent is seeking to amend its existing term contract with the City of Orlando by adding a list of pay items to the Pay Item Term Sheet, which represent services to be performed by SediVision at the request of the City of Orlando (Attachment A). These pay items are regarding the site assessment services that SediVision performs at wastewater treatment facilities, such as the facilities operated by the City of Orlando, and they are described as follows.

*SediVision® Services- SediVision services are a unique sequence of methods and processes, in conjunction with a precise elevation mapping system of fully submerged accumulated debris (including sediment) on the floor of a wastewater treatment structure. The SediVision services provide accurate estimates of accumulate debris (including sediment) volume within a filled tank, remotely guides the cleaning equipment within the tank, and estimates the amount of waste that may be generated during tank cleaning, thereby reducing the time and effort required to clean the tank, while providing other valuable information for facility managers.*

No additional changes are requested or approved to be made to the contract at this time.

Should you have any questions or concerns regarding these approved changes, please do not hesitate to contact me directly.

Sincerely,

Denver J Stutler Jr  
CEO  
U.S. Submergent, LLC

**SediVision® Pay Items**

Bid Item	Qty	Unit	Item Description	Unit Price	Extended Price
14	1	LS	Mobilization and Demobilization (up to 5,000 SF)	\$ 2,500.00	\$ 2,500.00
15	1	LS	Mobilization and Demobilization (> 5,001 SF)	\$ 1,500.00	\$ 1,500.00

RE: Sole Source Letter

Dear Mr. Deuel:

This letter is provided to confirm SediVision, LLC is the Sole Source provider of the following item(s) and/or service(s):

*SediVison® Services- SediVision services are a unique sequence of methods and processes, in conjunction with a precise elevation mapping system of fully submerged accumulated debris (including sediment) on the floor of a wastewater treatment structure. The SediVision services provide accurate estimates of accumulate debris (including sediment) volume within a filled tank, remotely guides the cleaning equipment within the tank, and estimates the amount of waste that will be generated, thereby reducing the time and effort required to clean the tank while providing other valuable information for managers.*

*The patent pending SediVision® service is covered by a pending US patent application and is the intellectual property of SediVision, LLC. This pending US patent application has claims that are indicated as allowable. It is, therefore, SediVision's expectation that this patent application will issue as a patent in the very near future. Additionally, the SediVision services involve multiple trade secrets of SediVision, LLC, which SediVision vigorously protects and maintains.*

The above-named company or firm is the Sole Source of the item(s) and/or service(s) listed above, and only our sister company, U. S. Submergent Technologies, LLC. is licensed to market and offer these item(s) and service(s) in the market. All work is performed exclusively by *SediVision LLC*.

Competition providing the above-named item(s) and/or service(s) is precluded given the allowable patent application claims, trademark, and trade secret processes that protect the offering described above.

To our knowledge there is/are no other item(s) and/or service(s) available for purchase that would serve the same purpose or function.

Should you have any questions or concerns, please do not hesitate to contact me at 941-216-0149

Sincerely,

Denver J Stutler Jr  
CEO  
SediVision, LLC.
