BOARD QUESTIONNAIRE

1. What is your understanding of the board's duties and responsibilities?

The CDB handles matters related to planning and development. Conducts public hearings and decides certain development requests that are not within discretion of city staff. Conducts design review, evaluates historic applications, reviews requests for land use plan changes and rezoning and serves as Local Planning Agency to review and advise Council on the City's Comprehensive Plan.

2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Yes, to both, many times.

3. What background and/or qualifications do you have that you feel would qualify you to serve on this Board?

My Municipal Code Board experience gives me familiarity with our codes. Having served on both the City Beautification Board and having led the City's original Arts Council I have an eye to the esthetics of form and space. I have been active in redevelopment issues and consider myself a visionary who considers the long term cause and effect of decisions. I am the kind of person who does their 'homework', looks at all sides of an issue and tries to resolve differences in a manner that is acceptable to all parties.

4. Why do you want to serve on this Board?

I feel I will be an asset to my City by helping to maintain the high standards it espouses.
