## Questionnaire

**Question 1.** What is your understanding of the duties and responsibilities of the Board(s)?

**Answer 1.\*** The review of staff recommendations for the development and growth of the City. These finding should adhere to the development codes, while at the same time provide for the partnership of the developer and the citizens and government of the City of Clearwater.

**Question 2.** Have you ever observed a board meeting either in person or on C-View, the City's TV station?

**Answer 2.\***  Yes  No

**Question 3.** What background, experience, or education qualifies you to serve on the Board(s)?

**Answer 3.\*** The better part of my professional experience has been with the advisement to Cities and Town Plan Commissions in Indiana. This included site plan review, subdivision review, and utilities. Development should carefully proceed with total transparency to existing land use and the ability to provide the utilities to support it.

**Question 4.** Why do you want to serve on the Board(s)?

**Answer 4.\*** Living in Clearwater has been an exciting experience to me as I begin my retirement years. At the same time I have recognized the struggle that every municipal government has with balancing growth with prudent control of existing services. I have been part of these decisions in many City and Towns and I know what it is like to team with City Councils to do the right thing. I look forward to help guide the City of Clearwater through these times.
