Letter of Transmittal

Divecom understands the critical nature of the work involved in the Marine Vessel Removal, Towing, Storage, and Disposal Services bid we are submitting. Our team is fully equipped and experienced to handle all aspects of the project, ensuring safe and efficient vessel removal, proper towing, secure storage, and environmentally responsible disposal. Divecom is committed to adhering to the timeline set forth by the City of Clearwater, completing all services within the required time limits without compromising on quality or safety. Our goal is to deliver reliable, timely, and compliant solutions for the city's needs.

Qualifications & Experience

Divecom brings extensive experience in derelict vessel removals, having successfully completed the previous derelict vessel contract with the City of Clearwater, where we demonstrated our ability to manage multiple projects/vessel removals with precision and efficiency. In addition, our team has completed numerous projects for the Florida Fish and Wildlife Conservation Commission (FWC) and the Florida Division of Emergency Management (FDEM), further solidifying our expertise in handling complex and challenging vessel removal operations. Our proven track record and commitment to high standards have earned us the trust of both local and state agencies. We look forward to continuing our partnership with the City of Clearwater and hope to be awarded this new contract to further maintain a safe and clean marine environment.
