**RE: 2019-2020 PRI-SC® PROCESS SOLE SOURCE LETTER  
CITY OF CLEARWATER, FL**

Evoqua values your business and we look forward to the opportunity to continue to serve the City of Clearwater. We thank you for the opportunity to continue to provide the PRI-SC® process to cost-effectively control odors in your wastewater systems.

PRI-SC is a proprietary technology developed by US Peroxide and is patented under U.S. Patent #6,773,604 B2. Evoqua in partnership with US Peroxide and is the sole provider of this technology. The two essential products for the PRI-SC process are Odophos and hydrogen peroxide.

Thank you again for your business and we look forward to continuing to work with you on this project. If you have any questions or comments, please contact me at (352) 804-5706.

Sincerely,

**Evoqua Water Technologies LLC**
