Thank you for your interest in the Clean Energy Connection program. Your monthly program fee will help fund the development of several new solar plants contributing to more clean, renewable energy right here in the sunshine state, plus you will earn monthly bill credits equal to the value of the solar energy produced by your share in the program. Complete the fields below to apply.\*

- If you have an interest in Duke Energy transferring renewable energy certificates (RECs) associated with your subscription into an account in your name, please check this box.
