Relevant Work Experience I was a federal agent assigned to investigate fraud, waste and mismanagement within federally funded programs and activities for over twenty years. In that capacity, I gained insight into how local governments participate in federal programs, receive and use federal funds and how federally funded programs are regulated.

I am familiar with HUD related programs and have considerable experience working with housing authorities and the administration of federally funded housing programs. I oversaw many of the major HUD related criminal investigations within New England for a number of years and have extensive experience dealing with both high performing and troubled housing entities.

I was involved in a major investigation related to the sale of fraudulent assets to the City of Detroit Police and Fire Pension Fund, which resulted in a significant loss to the Fund.

My resume is available upon request.

Community Activities I was selected to be a member of the 2018-2019 Civil Grand Jury for the City and County of San Francisco. The jury inspected, reviewed, investigated and made recommendations to improve the efficiency and operations of the government of San Francisco. The jury published reports of investigations and issued recommendations to elected and government officials under the authority of the Superior Court of San Francisco. During my term, the jury published major findings related to fire protection, law enforcement operations and pedestrian safety.
