Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. * The Library Advisory Board serves to lend input into the governing of the library. They offer recommendations to the leadership of the library and the city council of the activities and services that the library should offer.

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. * Yes No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. * As a lifelong resident of Clearwater, I have a long, rich history with the library. I love what the library offers and the important role it fills in the community. I've served on leadership teams in a variety of capacities - webmaster of the Pinellas Beekeepers Association Board, treasurer and President of PTA boards, school administrator and director of various summer camp programs. In those roles, I have set budgets, developed organizational management plans, instituted and managed accreditation processes and worked with teams to reach organizational goals.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. * I love the library. Until this year, when I finally caved and downloaded the library app on my phone, I would routinely have to replace my library card because it would simply wear out. Some of my earliest memories of reading involve the downtown library, where as a child I would stare at the giant dollhouse and make up stories about the people who lived there. Among the stacks, I fell in love with reading and discovered the joy of losing myself in the pages of adventure - a love that has only grown through the years. In the East Library, I took my children to get their own library cards and watched them wander through the same stacks I did as a child, collecting books that would consume their afternoons and evenings. We've attended workshops, classes, summer programs, art exhibits; in short, it is one of my absolute favorite services we have in Clearwater. I know the power of the library firsthand and want to help ensure that the Clearwater library system remains a vibrant part of city life.
