

Notes and Exclusions: Standard Commercial Generator

1. All prices quoted above are standard base genset models with radiator.
Additional options available to meet AHJ or regional specifications.
2. All KW ratings indicated in price sheet are standby ratings.
3. Additional Cummins factory features and options will match target priced for base model.
4. Startup will be priced separately based on location and project specific requirements.
5. Any initial onsite emission testing that may be needed is not included in the above pricing.
6. Freight is included for Cummins product in the contiguous 48.
However, additional freight charges may apply for 3rd party items.
7. Cummins is committed to introducing new models. Contact your National Account Executive
8. All products have been quoted at standard industry voltages (120V/240V) single phase.
Additional voltages are available.
9. For Canadian customers - Please note all prices are listed in US dollars.
10. Please refer to Bank of Canada posted daily rates to calculate exchange rate to Canadian Dollar prices.
11. Open market pricing will apply for non-cummins content
