

September 24th, 2025

To whom it may concern,

Elgin Sweeper Company and Vactor Manufacturing, Inc. are represented by a worldwide distribution network offering expert service and genuine OEM quality parts for its and ELGIN street sweeping equipment and for VACTOR lines of sewer and catch basin cleaning equipment. Parts supplied by other vendors do not meet Elgin OEM standards or requirements. Equipping your truck with a part other than a specified OEM product could affect your OEM warranty. Elgin Sweeper Company and Vactor Manufacturing, Inc. are subsidiaries of Federal Signal Corporation.

Environmental Products Group is the sole distributor for the entire State of Florida, Georgia, Arkansas and parts of Tennessee representing Elgin Sweeper Company and Vactor Manufacturing, Inc. and is responsible for the sales, service, and provider of genuine OEM parts for the Elgin and Vactor Product lines. **Environmental Products Group** certifies that the quoted price is equal or less than that given to the vendor's most favored customers or other government agencies.

The people at **Environmental Products Group** are factory certified to provide quality service work. For all your equipment requirements, please contact:
