## BOARD QUESTIONNAIRE

1. What is your understanding of the board's duties and responsibilities?

To represent the interests of my city and its citizens in transportation issues, including:

pedestrian, bicycle, mass transit and motorized transportation modes; to  
serve as a liaison between the MPO and its associated agencies and the community,  
and vice versa.

2. Have you ever observed a board meeting either in person or on the City's TV station C-View?

Many times.

3. What background and/or qualifications do you have that you feel would qualify you to serve on this Board?

I worked for the MPO as a transportation planner for 11 years prior to my retirement  
three years ago. I authored the biannual State of the System Report, which assesses  
the effectiveness of the transportation system, as well as the county's Congestion  
Management Process (CMP) document. I worked with all agencies associated with the MPO.

4. Why do you want to serve on this Board?

I believe my previous experience will be an asset to the MPO and to the City. I have  
become very informed about the ULI Report and the efforts of this city to grow  
in a way that enhances quality of life for all of its citizens. I believe transportation is  
an important component in this effort.
