Subject: Floway Pump Proposal  
RE. SN 49452-3-1 Model 14DKH 1 stage

Dear Mr. Gilliam,

We are pleased to offer the following breakdown of equipment for proposal and your consideration. The attached quote has been quoted as Duplicate pump per ANSI/H.I. 2.1-2.2-2014 definitions below.

## **PUMP and Motor Replacement**

Four (4) each Weir Floway vertical turbine pump model 14DKH- 1 stage Cast Iron Bronze fitted construction to pump 1750 GPM to a discharge head of 63 FT when operating at 1770 RPM and driven by a 40 HP Motor.

Pump complete with 10 inch cast iron discharge head, 10 inch flanged schedule 40 column, 1.25 inch diameter 416 stainless steel line shaft, rubber and bronze bearings, cast iron motor stand, mechanical shaft seal with tungsten and silicon carbide faces, API piping plan 13 stainless steel tubing, four piece spacer coupling, aluminum bronze bowl wear ring, Carboline 635 HAR coating outside column, bowl, and discharge head.

Nidec US Motors AC induction motor 40 HP 1800 RPM 3 phase 60 hertz 460 volt NEMA design vertical solid shaft with Non Reverse Ratchets and Premium efficient design.

Price net FOB factory is: \$30,441.25 each or \$121,765.00 for lot of four (4) pumps and motors as above described.

This proposal is valid for 30 days from above date. No sales or use tax included should it apply. Delivery can be made in approximately 12 to 16 weeks based on the original time of accepted order at the factory. Delivery subject to change based on production schedules at time of order, which will be confirmed.

After your review please let us know if you require any additional information. Thank you again for the opportunity to be of service to you and your organization.
