

CONNECTED SERVICE

THIS AGREEMENT made this 1st day of October 2022 between

MAIRE COMPANY INC., hereinafter called "Maire Security", and City of Clearwater
hereinafter called "Subscriber".

WITNESSETH: That for the considerations and covenants hereinafter specified, the parties hereto do, for themselves, their successors and assigns, mutually covenant and agree as follows:

A. Maire Security agrees to install and maintain or cause to be installed and maintained, during the term of this agreement, in the premises located at:
Various City of Clearwater facilities as per the Annual Active Alarm Spreadsheet

in the City of Clearwater State of Florida (hereinafter referred to as Subscriber's premises) Connected Protective Signaling Systems as specified in the Schedule of protection, and will, subject to the terms and conditions hereof, during the term of this agreement, make periodic inspections of the system and make such repairs and adjustments as may be necessary for the proper operation and maintenance of such system in good working order, the Subscriber agreeing, nevertheless, to exercise all reasonable care in handling thereof and to notify Maire Security promptly of any condition requiring Maire Security's attention. Whenever the Connected Protective Signaling Systems specified in the Schedule of Protection shall require attention by a representative of Maire Security, whether for repairs, maintenance, nonfunctioning, malfunctioning or any cause whatsoever, Maire Security shall receive written notice from the Subscriber of the need to give attention to said system, in order to dispatch a representative of Maire Security to the premises of the Subscriber. If leased, the entire system, including all devices, instruments, appliances and all cabinets, conduits, connections, foils, screens, springs, tubing, wires and other materials associated therewith, is and shall be and remain the personal property of Maire Security.

B. Subscriber hereby agrees to pay Maire Security, its agents or assigns, an installation charge of Zero Dollars (\$ 0.00), and to pay in addition the sum of Dollars (\$),
Dollar Amount per the Annual Active Alarm Spreadsheet

per annum, annually in advance. 1 Year contract with 4 1-Year Renewals. This agreement may be renewed by the Subscriber by providing 30 days written notice to Maire Company of Subscriber's intent to renew prior to the end of the term. Subscriber shall pay any unpaid balance of the installation charge accrued hereunder for service rendered prior to the effective date of termination.

C. Subscriber agrees to pay, in addition to the charges above any false alarm assessments, amounts equal to all taxes, fees and charges imposed by any governmental authority, on or relating to the system or the installation or service, or the receipts therefrom, and all charges imposed by the telephone company for telephone lines at the Subscriber's premises.

SCHEDULE OF PROTECTION

Monthly monitoring, maintenance, repair & inspection of Leased Alarm Systems/Equipment as per the Annual Alarm Spreadsheet.

Damage by lightning will be covered on all Leased Alarm Systems/Equipment.

No installation costs for future alarms.

Service personnel available and on-call 24 hours a day.

Service personnel available for fire drills.

Cell communication systems available as required.

Long range wireless systems available as needed.

Signal & Data Reports available upon request.

D. It is understood that Maire Security is not an insurer; that insurance shall be obtained by Subscriber, if any is desired; that the sums payable hereunder to Maire Security by Subscriber are based upon the value of services offered and the scope of liability undertaken and such sums are not related to the value of property belonging to Subscriber or to others located on Subscriber's premises. Subscriber does not seek indemnity by this agreement from Maire Security against any damages or losses caused by hazards to Subscriber's property. Maire Security makes no warranty, expressed or implied, that the systems it installs or the services it furnishes will avert or prevent occurrences, or the consequences therefrom, which the systems and services are designed to detect. Maire Security agrees that it shall be liable for any of Subscriber's losses or damages, to person or to property, caused by the sole negligence of Maire Security, its agents or employees. It is agreed that if Maire Security should be found liable for any losses or damages attributable to a failure of systems or services in any respect, its liability shall not exceed the sum of the amount paid by Subscriber for the services under the term of the agreement, and Subscriber's sole remedy at law or in equity shall be the right to recover a sum within such limit.

Title _____ Date _____

TERMS AND CONDITIONS

1. If SPRINKLER SUPERVISORY AND WATERFLOW ALARM SERVICE is furnished, the Subscriber hereby agrees that all alarm valves, gate valves, tanks, pumps, compressors, inspector test connections, or other elements of the sprinkler system as now installed are or will be corrected so as to be acceptable to the Insurance and any other authority having jurisdiction when equipped with the Maire Security's signaling devices and to furnish any necessary water through the Subscriber's meter and at the Subscriber's own expense.
2. If AUTOMATIC FIRE ALARM SERVICE is furnished, the Subscriber agrees to install hoods or protection devices necessary to prevent false alarms at his or its expense over all areas where welding, open hearth, manufacturing processes or any heat condition exists or occurs which might actuate the fire detecting system.
3. If BURGLAR ALARM SERVICE is furnished, the Subscriber agrees: to follow proper operating procedures and to use the equipment properly; to test any ultrasonic, microwave, capacitance or other electronic equipment designated on the Schedule of Protection according to the procedures prescribed by Maire Security prior to setting the alarm system for closed periods and to notify Maire Security promptly if such equipment fails to respond to the test; If Maire Security's representative is sent to the Subscriber's premises in response to a service call or alarm signal caused by the Subscriber improperly following operating instructions or failing or close or properly secure a protected point, there shall be an additional service charge to the Subscriber; that any vault to be protected hereunder by sound or vibration detectors has the minimum characteristics prescribed by Underwriter's Laboratories, Inc.; that all walls, doors, skylights, windows and other elements of the premises as now constructed, or to be constructed, are or will be placed in such condition, at Subscriber's expense, as to permit proper installation and operation of the burglar alarm system when equipped with Maire Security devices.
4. If AUTOMATIC SUPERVISORY SERVICE is furnished, Subscriber agrees to execute and deliver to Maire Security written instructions for the settings at which automatic signaling devices installed by Maire Security shall operate.
5. Subscriber hereby authorizes and empowers Maire Security to perform or cause to be performed the work necessary to install, maintain, inspect, test, and repair the systems in its premises. Such work shall be performed between the hours of 8:00 A.M. and 5:00 P.M. on normal business days, excluding Saturdays, Sundays and holidays; any additional expense resulting from the performance of such work during excluded time periods at Subscriber's request, or from use of outside contractors for any reason for the performance of any such work that is normally performed by Maire Security, shall be paid by Subscriber. Subscriber further authorizes Maire Security to make or cause to be made, at Subscriber's expense, any changes in or alterations to said systems requested by Subscriber or by the Insurance rating organization having jurisdiction, or made necessary by any changes in Subscriber's premises, including changes in interiors, contents, environment and other changes affecting the performance of space control or other systems; Subscriber shall give Maire Security prior written notice of any such changes in Subscriber's premises. The expense of all ordinary maintenance and repair of leased systems due to normal wear and tear shall be borne by Maire Security; the expense of any extraordinary maintenance and repair of said systems due to alterations of the Subscriber's premises, damage to such premises or to the alarm system or to any other cause beyond the control of Maire Security, shall be borne by Subscriber. Subscriber shall provide electrical permits, if required, and current at points designated by Maire Security through Subscriber's own meter and at Subscriber's own expense.
6. Subscriber hereby authorizes Maire Security, upon 30 days written notice to Subscriber, to remove or abandon said systems, in whole or in part, including all devices, instruments, appliances, and all cabinets, conduits, connections, foil, screens, springs, tubing, wires and any other materials associated therewith, upon termination of this agreement by lapse of time, default in the payment of any monies due hereunder, or otherwise, without any obligation to repair or redecorate any portion of Subscriber's premises; and it is agreed that such abandonment or removal shall not constitute a waiver of the rights of Maire Security to collect any charges which have accrued or may accrue hereunder. Maire Security agrees that it shall be responsible for any damage caused by the removal of its systems and associated equipment, if such damage is due to the sole negligence of Maire Security, its agents or employees in said removal, in an amount not to exceed the price paid by Subscriber for the term of the agreement. Upon termination for non-payment of any sums due hereunder, in addition to full charges accrued for services rendered, there shall immediately become due and payable full charges until the end of the term of this agreement. If Maire Security engages the services of an attorney in the collection of overdue accounts, the payment of reasonable attorney's fees attributable thereto shall become an obligation of the Subscriber to Maire Security to the extent permitted by law.
7. Maire Security reserves the right to terminate this agreement at any time, on written notice, on the happening of any of the following events: (a) Maire Security is unable to secure or to retain the connections or privileges necessary for the transmission of signals between the Subscriber's premises and the municipal fire or police departments, or other places; (b) the receiving equipment, connecting wires or systems within the Subscriber's premises belonging to Maire Security are destroyed by fire or other catastrophe, or so substantially damaged that it is impractical to continue service; (c) if Subscriber does not follow proper operating procedures or does not use the equipment properly. Any such termination shall not subject Maire Security to liability for any damages, including but not limited to consequential damages; however, any advance payment made for service not yet rendered at the effective date of such termination shall be refunded to the Subscriber, except for an amount equal to any installation costs previously incurred. This agreement may likewise be terminated by Subscriber if its premises are so destroyed or damaged provided that it pays any unpaid balance of the installation charge and of the charges accrued hereunder for service rendered prior to the effective date of termination.
8. Maire Security shall not be liable for any delays however caused in installation of the systems, or interruptions of service caused by strikes, riots, floods, acts of God or by any event beyond the control of Maire Security, and will not be required to furnish service to Subscriber while any such interruption shall continue.
9. The obligation of Maire Security to provide service relates to the maintenance solely of the alarm system specified in the Schedule of Protection and Maire Security is not obligated to maintain, repair, service, replace, operate or assure the operation of any device, system or property belonging to Subscriber or to any third party to which such specified systems are attached. In order to protect Subscriber from liability for damage to, or destruction of, Maire Security's systems, Subscriber shall include such systems in the coverage provided in its liability and fire insurance policies.
10. Maire Security shall have the right to increase or decrease the annual service charge provided above at any time, or times after the expiration of one year from the date service is operative under this Agreement, upon giving Subscriber written notice 60 days in advance of the effective date of such increase or decrease. If Subscriber is unwilling to pay such increased charge, Subscriber may terminate the then unexpired term of this Agreement by notifying Maire Security in writing 30 days prior to the otherwise effective date of the increase, and by paying all accrued charges for service rendered until such date. Any advance payments made for service to be supplied subsequent to the date of such termination shall be refunded to Subscriber.
11. This agreement is not assignable by Subscriber except upon the prior written consent of Maire Security.
12. This agreement is not binding unless approved in writing by an Authorized Representative of Maire Security. If such approval is not obtained, the only liability of Maire Security shall be to return to Subscriber the amount, if any, paid to Maire Security upon the signing of this agreement by its Sales Representative.
13. This writing (together with any individually signed separate service agreements and riders pertaining to this agreement) is intended by the parties as the final expression of their agreement with respect to the subject matter contained herein and also as the complete and exclusive statement of the terms of such agreement, notwithstanding any prior, contemporaneous or subsequent purchase order or other document relating to said subject matter. There is no course of dealing or usage of the trade that would supplement or conflict with its terms. This agreement may only be amended in writing signed by both parties.
14. Signals received hereunder will be called to the municipal police and/or fire departments and the personnel of such municipal police and/or fire departments are not the agents of Maire Security nor does Maire Security assume any responsibility for the manner in which they respond or act on them.
