Relevant Work Experience My work experience includes problem analysis development of systems that support desired outcomes. I have led teams that determine the root causes of undesirable outcomes and who develop new processes and strategies to mitigate those outcomes. Those teams, under my leadership, have developed new strategies and processes to produce desired outcomes. These leadership, analytical and management skills are applicable to the Environmental Advisory Board board position.
Clearwater is on the front line of environmental challenges due to our waterfront location. The impact of climate change is of utmost importance to our city. Clearwater has made great strides towards addressing the impact of climate change with the addition of a Sustainability Coordinator. The Environmental Advisory Board provides a coordinated approach between citizens and government as we analyze the impact on our environment of government decisions. This is a very important role.
I bring passion and knowledge to this position. I hope that you will consider me for this role.

Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. *
It is my understanding that the Environmental Advisory Board provides insight and recommendations to the Council as to ways to reduce any negative impacts on our community's natural resources and to preserve the wonderful natural resources that Clearwater has been blessed with. This input to the Council, I believe, is best done by reviewing current and best practices and innovations.

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. *
 Yes No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. *
My work experience has exposed me to the interaction and impacts of various systems while running and maintaining an organization. I have led teams to improve processes to bring improved outcomes. These leadership, analytical and management skills are applicable to the Environmental Advisory Board board position.
My Masters in Business Administration has also provided with me with knowledge about how organizations set goals and develop strategies to achieve those goals.
I am also a 30 year citizen of Clearwater and I love this city. I have a passion to do what is good for our city. And I think that the environment is one of the most important considerations for our city.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. *
I think that the climate crisis is the most important issue of our time. I have children and grandchildren and the decisions that we make now will impact their lives greatly.
I think that I can add to the Board's pool of talent. I'm intelligent, educated, articulate, patient and calm. I think that I would be a great asset to the Board.
