Good morning Shelli,

The Verizon contract “DMS-19/20-006C” is in the process of being renewed. Verizon has agreed to renew the contract to 2031, and we are finalizing the renewal amendment’s execution at this time.

For the SCS Verizon contract documents, including the price sheets (Pg. 358 of the Original Contract), please see the link below where you can download the contract and its amendments. The renewal term is located in Amendment 2. Please be aware that per contract section 4.3 Communications Service Authorization and Billing – Official Record, the “Communications Service Authorization and Billing (CSAB) is the authoritative source of all data. CSAB is the official record of the inventory and costs of SUNCOM services.”.

Good afternoon, Keith,

Our I.T. Department is looking to utilize a state contract for Verizon for the purchase of air cards and cellular and smartphone services.

In reviewing the attached DMS contracts, I could not locate a renewal for contract #: DMS-19/20-006C. It appears to expire on 08.23.2026. Can you please confirm?

Alternatively, we are looking at utilizing contract #: DMS-17/18-004E, which appears to expire 07.01.2030. Can you please provide the executed renewal amendment for this as well as the pricing for this contract, as we are unable to locate these documents.

We are anticipating taking this forward to our City Council in an agenda item and appreciate your assistance with this.

Thank you,

Shellie Greve
