	Professional Qualifications <i>(Tab 2)</i>	Relevant Project Experience <i>(Tab 3)</i>	Technical Approach <i>(Tab 3)</i>	Project Methodology and Schedule <i>(Tab 4)</i>	TOTAL	RANKING
Respondents	25 points	25 points	25 points	25 points	100 points	
1 Chen Moore and Associates, Inc	23 - lots of subs	10 - no info on project team's tie to highlighted projects	25	25	83	2
2 Cumbey and Fair, Inc	23	23 - great ID of key staff's involvement, though budgets seemed smaller than Osceola	15 - A bit generic	23	84	1

Evaluation and Ranking Summary

RFQ 55-23 - Consulting Svcs - Osceola Ave
Corridor Improvement Project

City of Clearwater

3	Florida Design Consultants, Inc	18 - Project Engineering team seems less experienced	13 - PM's experience in Tampa is a plus, other projects seem to meet some but not all of the "similar" categories	15 - Generic. Listed software but did not ID whether or how each would be used on this project	11 - Weak analysis and schedule is unclear	57	5
4	HDR Inc	23 - lots of subs	11 - No actually constructed projects were included, I don't consider studies to be equivalent to the full design for this project	20 - QA/QC is generic	22 - Methodology is reasonably project specific, schedule is a bit vague	76	4
5	Infrastructure Consulting & Engineering Inc	23 - lots of subs, graphics sub may be very helpful	20 - Patricia Ave project too small to be relevant, would like to see more streetscape AND utility experience in the same projects	15 - Unclear which softwares will actually be used on this project	22 - Would have liked to see interface w/ Coachman Park events as a design & construction priority. Overall good response.	80	3
