

EXHIBIT B
RECYCLABLE VALUE

Where the Market Value (as defined below) is greater than the Processing Fee, Company will pay Customer twenty-five percent (25 percent) of the difference between the Market Value (defined below) and the Processing Fee (defined below). Where the Market Value is less than the Processing Fee, Customer shall pay Company the difference, between the Processing Fee and the Market Value, pursuant to the Florida Local Government Prompt Payment Act, Florida Statutes sec. 218.170-218.180, after receipt of Company's invoice for same. Customer acknowledges that the Mixed Glass and Contamination shall be reflected as negative values when calculating Market Value, and the ultimate Recyclable Value may be negative. Examples of the Value Share are attached as Exhibits B-1 and B-2.

The following will be used to determine the recyclable market value ("Market Value") for materials in the recyclable stream for the month for which per ton revenue amounts are being determined, retroactive to the first of the month.

1. For ONP, the value per ton shall be calculated based upon the High prices for #54 Mixed Paper, as published by *RISI Pulp and Paper Week* publication for the Southeast Area for the month of shipment*;
2. For OCC of the material, the value per ton shall be calculated based upon the "OBM" High prices for #11 Old Corrugated Cardboard (OCC #11) as published by *RISI Pulp and Paper Week* publication for the Southeast Area for the month of shipment*;
3. For mixed paper, the value per ton shall be calculated based upon the High prices for #54 Mixed Paper as published by *RISI Pulp and Paper Week* publication for the Southeast Area for the month of shipment*;
4. For steel/tin cans, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
5. For aluminum cans, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
6. For PET, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
7. For HDPE, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
8. For Mixed Plastics, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
9. For all glass bottles and jars, mixed and broken glass, regardless of color, shall be Company's nondiscriminatory price for recyclables, with reasonable variances based on quantity, quality and location, based on the market value of each of the materials;
10. Contamination in the single stream shall be reflected as a charge to the Customer of the sum of the costs of transportation and disposal of the contaminated tons a per ton basis multiplied by the number of contaminated tons.
11. For the purpose of calculating composition the commodity percentages set forth on Exhibits B-1 and B-2 shall be used in calculating the Market Value, until a subsequent composition study is performed by Company. Company reserves the right to conduct subsequent composition studies of the Recyclables if there are any changes to the composition set forth on Exhibits B-1 and B-2. Additional transportation and disposal fees may apply where Contamination exceeds ten (10%) percent.
12. Processing Fees: The Processing Fee shall be Ninety dollars (\$90.00) per ton for Recyclables delivered to the Clearwater Facility, and eighty-five dollars (\$85.00) per ton for Recyclables delivered to the Tampa Facility.

* If the *RISI Pulp and Paper* weekly is no longer reflective of prevailing market conditions or if an alternative publication more accurately reflects such market conditions, then Company may propose to use any such alternative publication(s) or alternate method to determine the price for commodities priced using *RISI Pulp and Paper* weekly. The other party's consent, which shall not be unreasonably withheld, to the use of such alternate publication or method shall be required.
