It shall not be sufficient to show that you mailed or commenced delivery before the

due date and time. All times are Clearwater, Florida local times. The proposer agrees to accept the time stamp in the City's Procurement Office as the official time.

## **2.7 Lobbying; Lobbying No-Contact Period; Questions Regarding Solicitation**

From the time a competitive solicitation is posted until such time as the contract is awarded by the city or the solicitation is cancelled, all bidders, offerors, respondents, including their employees, representatives, and other individuals acting on their behalf, shall be prohibited from lobbying city officers, city employees, and evaluation committee members.

Violation of this section may result in rejection/disqualification from award of the contract arising out of the competitive solicitation.

All questions regarding the competitive solicitation must be submitted through the City's e-Procurement Portal, who will respond in writing and post such response to ensure that all respondents receive the same information during the No-Contact Period.

The penalty for violating the No-Contact Period may include suspension or debarment.

## **2.8 Commencement of Work**

If proposer begins any billable work prior to the City's final approval and execution of the contract, proposer does so at its own risk.

## **2.9 Responsibility to Read and Understand**

Failure to read, examine and understand the solicitation will not excuse any failure to comply with the requirements of the solicitation or any resulting contract, nor shall such failure be a basis for claiming additional compensation. If a vendor suspects an error, omission or discrepancy in this solicitation, the vendor must immediately and in any case not later than seven (7) business days in advance of the due date notify the contact listed on this solicitation. The City is not responsible for and will not pay any costs associated with the preparation and submission of the proposal. Proposers are cautioned to verify their proposals before submission, as amendments to or withdrawal of proposals submitted after time specified for opening of proposals may not be considered. The City will not be responsible for any proposer errors or omissions.

## **2.10 Form and Content of Proposals**

Proposals, including modifications, must be certified by an authorized representative and submitted electronically. In the event of a disparity between the unit price and the extended price, the unit price shall prevail unless obviously in error, as determined by the City. The City requires that an electronic copy of the proposal be submitted through the City's e-Procurement portal located at <https://procurement.opengov.com/portal/myclearwater>. The proposal must provide all information requested and must address all points. The City does not encourage exceptions. The City is not required to grant exceptions and depending on the exception, the City may reject the proposal.

## **2.11 Specifications**

Technical specifications define the minimum acceptable standard. When the specification calls for "Brand Name or Equal," the brand name product is acceptable. Other products will be considered upon showing the other product meets stated specifications and is equivalent to the brand product in terms of quality, performance and desired characteristics.

Minor differences that do not affect the suitability of the supply or service for the City's needs may be accepted. Burden of proof that the product meets the minimum standards or is equal to the brand name product is on the proposer. The City reserves the right to reject proposals that the City deems unacceptable.

## **2.12 Modification/Withdrawal of Proposal**

For proposals submitted electronically, vendors may use the "Unsubmit Response" button located on the Response Details page of their submission. Responses may be resubmitted once they have been edited or modified as needed.

For mailed in or hand delivered proposals, written requests to modify or withdraw the proposal received by the City prior to the scheduled opening time will be accepted and will be corrected after opening. Written requests must be addressed and labeled in the same manner as the proposal and marked as a MODIFICATION or WITHDRAWAL of the proposal.

No oral requests will be allowed.

Requests for withdrawal after the bid opening will only be granted upon proof of undue hardship and may result in the forfeiture of any proposal security. Any withdrawal after the bid opening shall be allowed solely at the City's discretion.

## **2.13 Debarment Disclosure**

If the vendor submitting a proposal has been debarred, suspended, or otherwise lawfully precluded from participating in any public procurement activity, including being disapproved as a subcontractor with any federal, state, or local government, or if any such preclusion from participation from any public procurement activity is currently pending, the proposer shall include a letter with its proposal identifying the name and address of the governmental unit, the effective date of this suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. If suspension or debarment is currently pending, a detailed description of all relevant circumstances including the details enumerated above must be provided. A proposal from a proposer who is currently debarred, suspended or otherwise lawfully prohibited from any public procurement activity may be rejected.

## **2.14 Reservations**

The City reserves the right to reject any or all proposals or any part thereof; to rebid the solicitation; to reject non-responsive or non-responsible proposals; to reject unbalanced proposals; to reject proposals where the terms, prices, and/or awards are conditioned upon another event; to reject individual proposals for failure to meet any requirement; to award by item, part or portion of an item, group of items, or total; to make multiple awards; to waive minor irregularities, defects, omissions, technicalities or form errors in any proposal. The City may seek clarification of the proposal from proposer at any time, and failure to respond is cause for rejection. Submission of a proposal confers on proposer no right to an award or to a subsequent contract. The City is responsible to make an award that is in the best interest of the City. All decisions on compliance, evaluation, terms and conditions shall be made solely at the City's discretion and made to favor the City. No binding contract will exist between the proposer and the City until the City executes a written contract or purchase order.

## **2.15 Official Solicitation Document**

Changes to the solicitation document made by a proposer may not be acknowledged or accepted by the City. Award or execution of a contract does not constitute acceptance of a changed term, condition or specification unless specifically acknowledged and agreed to by the City. The copy maintained and published by the City shall be the official solicitation document.

## **2.16 Copying of Proposals**

Proposer hereby grants the City permission to copy all parts of its proposal, including without limitation any documents and/or materials copyrighted by the proposer. The City's right to copy shall be for internal use in evaluating the proposal.

## **2.17 Contractor Ethics**

It is the intention of the City to promote courtesy, fairness, impartiality, integrity, service, professionalism, economy, and government by law in the Procurement process. The responsibility for implementing this policy rests with each individual who participates in the Procurement process, including Respondents and Contractors.

To achieve this purpose, it is essential that Respondents and Contractors doing business with the City also observe the ethical standards prescribed herein. It shall be a breach of ethical standards to:

- A. Exert any effort to influence any City employee or agent to breach the standards of ethical conduct.
- B. Intentionally invoice any amount greater than provided in Contract or to invoice for Materials or Services not provided.
- C. Intentionally offer or provide sub-standard Materials or Services or to intentionally not comply with any term, condition, specification or other requirement of a City Contract.

A protesting bidder must include a fee of one percent of the amount of the bid or proposed contract to offset the City's additional expenses related to the protest. This fee shall not exceed \$5,000.00 nor be less than \$50.00. Full refund will be provided should the protest be upheld. No partial refunds will be made.

## **2.20 Evaluation Process**

Proposals will be reviewed by a screening committee comprised of City employees. The City staff may or may not initiate discussions with proposers for clarification purposes. Clarification is not an opportunity to change the proposal. Proposers shall not initiate discussions with any City employee or official.

Respondent is hereby notified that Section 287.05701, Florida Statutes, requires that the City may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor.

## **2.21 Criteria for Evaluation and Award**

The City evaluates three (3) categories of information: responsiveness, responsibility, the technical proposal/price. All proposals must meet the following responsiveness and responsibility criteria.

- A. Responsiveness. The City will determine whether the proposal complies with the instructions for submitting proposals including completeness of proposal which encompasses the inclusion of all

required attachments and submissions. The City must reject any proposals that are submitted late. Failure to meet other requirements may result in rejection.

- B. Responsibility. The City will determine whether the proposer is one with whom it can or should do business. Factors that the City may evaluate to determine "responsibility" include, but are not limited to: excessively high or low priced proposals, past performance, references (including those found outside the proposal), compliance with applicable laws, proposer's record of performance and integrity- e.g. has the proposer been delinquent or unfaithful to any contract with the City, whether the proposer is qualified legally to contract with the City, financial stability and the perceived ability to perform completely as specified. A proposer must at all times have financial resources sufficient, in the opinion of the City, to ensure performance of the contract and must provide proof upon request. City staff may also use Dun & Bradstreet and/or any generally available industry information. The City reserves the right to inspect and review proposer's facilities, equipment and personnel and those of any identified subcontractors. The City will determine whether any failure to supply information, or the quality of the information, will result in rejection.
- C. Technical Proposal. The City will determine how well proposals meet its requirements in terms of the response to the specifications and how well the offer addresses the needs of the project. The City will rank offers using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation.

If less than three (3) responsive proposals are received, at the City's sole discretion, the proposals may be evaluated using simple comparative analysis instead of any announced method of evaluation, subject to meeting administrative and responsibility requirements.

For this RFP, see Section [CRITERIA FOR EVALUATION AND AWARD](#) for the criteria that will be evaluated and their relative weights.

## **2.22 Short-Listing**

The City at its sole discretion may create a short-list of the highest ranked proposals based on evaluation against the evaluation criteria. Short-listed proposers may be invited to give presentations and/or interviews. Upon conclusion of any presentations/interviews, the City will finalize the ranking of shortlisted firms.

## **2.23 Presentations/Interviews**

Presentations and/or interviews may be requested at the City's discretion. The location for these presentations and/or interviews will be determined by the City and may be held virtually.

## **2.24 Best and Final Offers**

The City may request best & final offers if deemed necessary, and will determine the scope and subject of any best & final request. However, the proposer should not expect that the City will ask for best & finals and should submit their best offer based on the terms and conditions set forth in this solicitation.

## **2.25 Cost Justification**

In the event only one response is received, the City may require that the proposer submit a cost proposal in sufficient detail for the City to perform a cost/price analysis to determine if the proposal price is fair and reasonable.

## **2.26 Contract Negotiations and Acceptance**

Proposer must be prepared for the City to accept the proposal as submitted. If proposer fails to sign all documents necessary to successfully execute the final contract within a reasonable time as specified, or negotiations do not result in an acceptable agreement, the City may reject proposal or revoke the award, and may begin negotiations with another proposer. Final contract terms must be approved or signed by the appropriately authorized City official(s). No binding contract will exist between the proposer and the City until the City executes a written contract or purchase order.

**2.27 Notice of Intent to Award**

Notices of the City’s intent to award a Contract are posted to Purchasing’s website. **It is the proposer’s responsibility to check the City of Clearwater’s website at <https://procurement.opengov.com/portal/myclearwater/projects/158180> to view the Procurement Division's Intent to Award postings.**
