2.6 Lobbying; Lobbying No-Contact Period; Questions Regarding Solicitation

From the time a competitive solicitation is posted until such time as the contract is awarded by the city or the solicitation is cancelled, all bidders, offerors, respondents, including their employees, representatives, and other individuals acting on their behalf, shall be prohibited from lobbying city officers, city employees, and evaluation committee members.

Violation of this section may result in rejection/disqualification from award of the contract arising out of the competitive solicitation.

All questions regarding the competitive solicitation must be submitted through the City's e-Procurement Portal, who will respond in writing and post such response to ensure that all respondents receive the same information during the No-Contact Period.

The penalty for violating the No-Contact Period may include suspension or debarment.

2.7 Responsibility to Read and Understand

Failure to read, examine and understand the solicitation will not excuse any failure to comply with the requirements of the solicitation or any resulting contract, nor shall such failure be a basis for claiming additional compensation. If a vendor suspects an error, omission or discrepancy in this solicitation, the vendor must immediately and in any case not later than seven (7) business days in advance of the due date notify the contact listed on this solicitation. The City is not responsible for and will not pay any costs associated with the preparation and submission of the response. Respondents are cautioned to verify their responses before submission, as amendments to or withdrawal of responses submitted after time specified for opening of responses may not be considered. The City will not be responsible for any respondent errors or omissions.

2.8 Form and Content of Responses

The City requires that an electronic copy of the response be submitted through the City's e-Procurement portal located at <https://procurement.opengov.com/portal/myclearwater>. The respondent must provide all information requested and must address all points. The City does not encourage exceptions. The City is not required to grant exceptions and depending on the exception, the City may reject the response.

2.9 Modification/Withdrawal of Response

For responses submitted electronically, vendors may use the "Unsubmit Response" button located on the Response Details page of their submission. Responses may be resubmitted once they have been edited or modified as needed.

For mailed in or hand delivered responses, written requests to modify or withdraw the proposal response by the City prior to the scheduled opening time will be accepted and will be corrected after opening. Written requests must be addressed and labeled in the same manner as the response and marked as a MODIFICATION or WITHDRAWAL of the response.

No oral requests will be allowed.

2.10 Debarment Disclosure

If the vendor submitting a response has been debarred, suspended, or otherwise lawfully precluded from participating in any public procurement activity, including being disapproved as a subcontractor with any federal, state, or local government, or if any such preclusion from participation from any public procurement activity is currently pending, the respondent shall include a letter with its response identifying the name and address of the governmental unit, the effective date of this suspension or debarment, the duration of the

suspension or debarment, and the relevant circumstances relating to the suspension or debarment. A response from a respondent who is currently debarred, suspended or otherwise lawfully prohibited from any public procurement activity may be rejected.

2.11 Reservations

The City reserves the right to reject any or all responses or any part thereof; to reissue the solicitation; to reject non-responsive or non-responsible responses; to reject unbalanced responses; to reject responses where the terms and/or awards are conditioned upon another event; to reject individual responses for failure to meet any requirement; to award by part or portion, or total; to make multiple awards; to waive minor irregularities, defects, omissions, technicalities or form errors in any response. The City may seek clarification of the response from respondent at any time, and failure to respond is cause for rejection. Submission of a response confers on respondent no right to an award or to a subsequent contract. The City is responsible to make an award that is in the best interest of the City. All decisions on compliance, evaluation, terms and conditions shall be made solely at the City's discretion and made to favor the City. No binding contract will exist between the respondent and the City until the City executes a written contract or purchase order.

2.12 Official Solicitation Document

Changes to the solicitation document made by a respondent may not be acknowledged or accepted by the City. Award or execution of a contract does not constitute acceptance of a changed term, condition or specification unless specifically acknowledged and agreed to by the City. The copy maintained and published by the City shall be the official solicitation document.

2.13 Contractor Ethics

It is the intention of the City to promote courtesy, fairness, impartiality, integrity, service, professionalism, economy, and government by law in the Procurement process. The responsibility for implementing this policy rests with each individual who participates in the Procurement process, including Respondents and Contractors.

To achieve this purpose, it is essential that Respondents and Contractors doing business with the City also observe the ethical standards prescribed herein. It shall be a breach of ethical standards to:

A protesting bidder must include a fee of one percent of the amount of the bid or proposed contract to offset the City's additional expenses related to the protest. This fee shall not exceed \$5,000.00 nor be less than \$50.00. Full refund will be provided should the protest be upheld. No partial refunds will be made.

2.16 Evaluation Process

The City staff may or may not initiate discussions with respondents for clarification purposes. Clarification is not an opportunity to change the response. Respondents shall not initiate discussions with any City employee or official.

Respondent is hereby notified that Section 287.05701, Florida Statutes, requires that the City may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor.

2.17 Criteria for Evaluation and Award

The City evaluates three (3) categories of information: responsiveness, responsibility, and the technical response. All responses must meet the following responsiveness and responsibility criteria.

- A. Responsiveness. The City will determine whether the response complies with the instructions for submitting responses including completeness of response which encompasses the inclusion of all required attachments and submissions. The City must reject any responses that are submitted late. Failure to meet other requirements may result in rejection.
- B. Responsibility. The City will determine whether the respondent is one with whom it can or should do business. Factors that the City may evaluate to determine "responsibility" include, but are not limited to: past performance, references (including those found outside the response), compliance with applicable laws, respondent's record of performance and integrity- e.g. has the respondent been delinquent or unfaithful to any contract with the City, whether the respondent is qualified legally to contract with the City, financial stability and the perceived ability to perform completely as specified. A respondent must at all times have financial resources sufficient, in the opinion of the City, to ensure performance of the contract and must provide proof upon request. City staff may also use Dun & Bradstreet and/or any generally available industry information. The City reserves the right to inspect and review respondent's facilities, equipment and personnel and those of any identified subcontractors. The City will determine whether any failure to supply information, or the quality of the information, will result in rejection.
- C. Technical Response. The City will determine how well responses meet its requirements in terms of the response to the solicitation and how well the offer addresses the needs of the project. The City will rank offers using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation.

For this RFQ, see Section [CRITERIA FOR EVALUATION AND AWARD](#) for the criteria that will be evaluated and their relative weights.

2.18 Short-Listing

The City at its sole discretion may create a short-list of the highest ranked responses based on evaluation against the evaluation criteria. Short-listed proposers may be invited to give presentations and/or interviews. Upon conclusion of any presentations/interviews, the City will finalize the ranking of shortlisted firms.

2.19 Presentations/Interviews

Presentations and/or interviews may be requested at the City's discretion. The location for these presentations and/or interviews will be determined by the City and may be held virtually.

2.20 Contract Negotiations and Acceptance

Respondent must be prepared for the City to accept the response as submitted. If respondent fails to sign all documents necessary to successfully execute the final contract within a reasonable time as specified, or negotiations do not result in an acceptable agreement, the City may reject response or revoke the award, and may begin negotiations with another Respondent. Final contract terms must be approved or signed by the appropriately authorized City official(s). No binding contract will exist between the respondent and the City until the City executes a written contract or purchase order.

2.21 Notice of Intent to Award

Notices of the City's intent to award a Contract are posted to Purchasing's website. **It is the respondent's responsibility to check the City of Clearwater's website at <https://procurement.opengov.com/portal/myclearwater/projects/145687> to view the Procurement Division's Intent to Award postings.**

- H. If a civil action is filed against a contractor to compel production of public records relating to a public agency's contract for services, the court shall assess and award against the contractor the reasonable costs of enforcement, including reasonable attorney fees, if:
 - 1. The court determines that the contractor unlawfully refused to comply with the public records request within a reasonable time; and

A Contractor who complies with a public records request within eight (8) business days after the notice is sent is not liable for the reasonable costs of enforcement.

4.14 Audits and Records

Contractor must preserve the records related to this Agreement for five (5) years after completion of the Agreement. The City or its authorized agent reserves the right to inspect any records related to the performance of work specified herein. In addition, the City may inspect any and all payroll, billing or other relevant records kept by Contractor in relation to the Agreement. Contractor will permit such inspections and audits during normal business hours and upon reasonable notice by the City. The audit of records may occur at Contractor's place of business or at City offices, as determined by the City.

4.15 Background Check

The City may conduct criminal, driver history, and all other requested background checks of Contractor personnel who would perform services under the Agreement or who will have access to the City's information, data, or facilities in accordance with the City's current background check policies. Any officer, employee, or agent that fails the background check must be replaced immediately for any reasonable cause not prohibited by law.

4.16 Security Clearance and Removal of Contractor Personnel

The City will have final authority, based on security reasons: (i) to determine when security clearance of Contractor personnel is required; (ii) to determine the nature of the security clearance, up to and including fingerprinting Contractor personnel; and (iii) to determine whether or not any individual or entity may provide services under this Agreement. If the City objects to any Contractor personnel for any reasonable cause not prohibited by law, then Contractor will, upon notice from the City, remove any such individual from performance of services under this Agreement.

4.17 Default

- C. **Notice and Opportunity to Cure.** In the event a party is in default then the other party may, at its option and at any time, provide written notice to the defaulting party of the default. The defaulting party will have thirty (30) days from receipt of the notice to cure the default; the thirty (30) day cure period may be extended by mutual agreement of the parties, but no cure period may exceed ninety (90) days. A default notice will be deemed to be sufficient if it is reasonably calculated to provide notice of the nature and extent of such default. Failure of the non-defaulting party to provide notice of the default does not waive any rights under the Agreement.
- D. **Anticipatory Repudiation.** Whenever the City in good faith has reason to question Contractor's intent or ability to perform, the City may demand that Contractor give a written assurance of its intent and ability to perform. In the event that the demand is made and no written assurance is given within five (5) calendar days, the City may treat this failure as an anticipatory repudiation of the Agreement.

4.18 Remedies

The remedies set forth in this Agreement are not exclusive. Election of one remedy will not preclude the use of other remedies. In the event of default:

- A. The non-defaulting party may terminate the Agreement, and the termination will be effective immediately or at such other date as specified by the terminating party.
- B. The City may purchase the services required under the Agreement from the open market, complete required work itself, or have it completed at the expense of Contractor. If the cost of obtaining substitute services exceeds the contract price, the City may recover the excess cost by: (i) requiring immediate reimbursement to the City; (ii) deduction from an unpaid balance due to Contractor; (iii) collection against the proposal and/or performance security, if any; (iv) collection against liquidated damages (if applicable); or (v) a combination of the aforementioned remedies or other remedies as provided by law. Costs includes any and all, fees, and expenses incurred in obtaining substitute services and expended in obtaining reimbursement, including, but not limited to, administrative expenses, attorneys' fees, and costs.

C. The non-defaulting party will have all other rights granted under this Agreement and all rights at law or in equity that may be available to it.

D. Neither party will be liable for incidental, special, or consequential damages.

4.19 Continuation During Disputes

Contractor agrees that during any dispute between the parties, Contractor will continue to perform its obligations until the dispute is settled, instructed to cease performance by the City, enjoined or prohibited by judicial action, or otherwise required or obligated to cease performance by other provisions in this Agreement.

4.20 Termination for Convenience

The City reserves the right to terminate this Agreement at its convenience, in part or in whole, upon thirty (30) calendar days' written notice.

4.21 Termination for Conflict of Interest

The City may cancel this Agreement after its execution, without penalty or further obligation, if any person significantly involved in initiating, securing, drafting, or creating the Agreement for the City becomes an employee or agent of Contractor.

4.22 Termination for Non-Appropriation and Modification for Budgetary Constraints

The City is a governmental agency which relies upon the appropriation of funds by its governing body to satisfy its obligations. If the City reasonably determines, in its sole discretion, that it does not have funds to meet its obligations under this Agreement, the City will have the right to terminate the Agreement without penalty on the last day of the fiscal period for which funds were legally available. In the event of such termination, the City agrees to provide written notice of its intent to terminate thirty (30) calendar days prior to the stated termination date.

4.23 Payment to Contractor Upon Termination

DETAILED SPECIFICATIONS

The City of Clearwater is soliciting responses from qualified engineering consulting firms to assist with its implementation of a Florida Senate Bill 64 Plan.

5.1 Introduction

The City of Clearwater (City) is a coastal community on Florida's West Coast and the third-largest city in the Tampa Bay area with a population of approximately 118,463 residents. Clearwater Beach, a renowned international destination in Pinellas County, attracts millions of tourists annually and most recently received the prestigious TripAdvisor Traveler's Choice Award for 2024. It consistently ranks among the top vacation spots in both national and international publications, offering year-round attractions such as pristine "sugar sand" beaches, diverse dining options, and venues like the Philadelphia Phillies Spring Training and Clearwater Threshers Minor League Baseball. The acclaimed Clearwater Marine Aquarium, nationally recognized for its innovative work in marine rescue, rehabilitation, and release, remains a major draw for visitors.

5.2 Project Goals

The City of Clearwater provides superior services to its customers in order to improve the quality of life for Clearwater residents, businesses and visitors. The City is looking for a project team who shares that dedication and will help the City meet that goal.

5.3 Background

The City owns and operates three (3) water reclamation facilities (WRFs); East WRF, Marshall Street WRF, and Northeast WRF. The East WRF's permitted capacity is 5.0 million gallons per day (MGD) annual average daily flow (AADF) and functions as a Type I domestic advanced wastewater treatment facility (AWWTF). The Marshall Street WRF has a permitted capacity of 10.0 MGD AADF Type I domestic AWWTF. The Northeast WRF's permitted capacity is 13.5 MGD AADF and serves both the City of Clearwater and the City of Safety Harbor as a Type I domestic AWWTF.

5.4 Scope of Services

The primary objective is to implement the City's Florida Senate Bill 64 Plan (SB 64).

All facilities can supply reclaimed water to the city's Master Reuse System. Effluent not used in the reclaimed water system is discharged through two (2) surface water outfalls. The treated effluent from Marshall Street WRF is discharged into Stevenson Creek, classified as Class III Marine Waters, which flows into Clearwater Harbor North, also designated as Class III Marine Waters. The East and Northeast WRFs discharge a combined effluent into Old Tampa Bay, classified as Class II Marine Waters and an Outstanding Florida Water.

Senate Bill 64, enacted in 2021, mandates that domestic wastewater utilities disposing of effluent, reclaimed water, or reuse water via surface water discharge must implement a plan to eliminate non-beneficial surface water discharge by January 1, 2032.

Analysis within the ongoing WRF Master Plan has indicated that consolidating the Marshall Street WRF and East WRF into the Northeast WRF would be the most optimal solution. This consideration should be factored into the implementation of the program.

The project team is encouraged to propose adjustments to individual tasks or the overall scope of work if the Consultant can demonstrate innovative, advanced, and well-considered methodologies that the City may not have specifically identified.

Attached to this solicitation are the following supporting documents:

- Exhibit A – COC Senate Bill 64 Plan
- Exhibit B – COC Reclaimed Water Master Plan
- Exhibit C – WRF Consolidation Plan Summary
- Exhibit D – WRF Consolidation Plan Schedule
- Exhibit E – SB 64 Annual Progress Report 2021
- Exhibit F – SB 64 Annual Progress Report 2022
- Exhibit G – SB 64 Annual Progress Report 2023
- Exhibit H – Reclaimed Water Service Eval Tech Memo

These documents outline the evaluations required to determine the most efficient and cost-effective solutions for the City and its customers, as well as the development of a detailed plan. Following this, the project team will design and oversee the implementation of the plan. The City anticipates that multiple projects will be in design and construction phases to meet the required deadline. Additionally, the project team will be responsible for drafting and maintaining the SB 64 annual reports.

5.5 Minimum Qualifications

The project team shall demonstrate a comprehensive understanding of the City's SB 64 plan and possess experience in all relevant areas, including evaluating and expanding reclaimed water systems, potable reuse, deep injection wells, and aquifer storage and recovery.

Vendor reserves the right to appoint legal counsel to provide for the Vendor's defense, for any and all claims that may arise related to Agreement, work performed under this Agreement, or to Vendor's design, equipment, or service. Vendor agrees that the City shall not be liable to reimburse Vendor for any legal fees or costs as a result of Vendor providing its defense as contemplated herein.

The stipulated limits of coverage above shall not be construed as a limitation of any potential liability to the City, and City's failure to request evidence of this insurance shall not be construed as a waiver of Vendor's (or any contractors', subcontractors', representatives' or agents') obligation to provide the insurance coverage specified.

6.7 Professional Liability Insurance

Coverage appropriate for the type of business engaged in by the Contractor with minimum limits of \$1,000,000 (one million dollars) per occurrence.
