BASIS OF APPEAL (Explain in detail the basis for the appeal):

My town home faces east with a Live Oak tree in front. The tree is bounded on the east and west sides by a concrete walkway within ~4 feet of the trunk, which is inconsistent with Community Development Code, Division 12, Section 3-1202 General Landscaping Standards for Shade Trees which states: "All materials shall be Florida Grade #1 and be planted a minimum of five feet from an impervious area."

I request approval to remove this tree, to be replaced with two Crepe Myrtles on the south side of my town home.
