BOARD QUESTIONNAIRE

1. What is your understanding of the board's duties and responsibilities?

To identify and assess environmental objectives and offer input to city leaders.

2. Have you ever observed a board meeting either in person or on the City's TV station C-View?

Yes, both. Many, many board meetings.

3. What background and/or qualifications do you have that you feel would qualify you to serve on this Board?

I am very familiar with the environmental issues effecting
Clearwater. I have written extensively about many of them.
I have the ability to read and comprehend official reports and other
materials board members would likely need to understand to adequately reach
the board's objectives.

4. Why do you want to serve on this Board?

The environment is a critical issue especially for a water-borne community
like Clearwater. The environment also plays a key role in other quality
of life issues for residents. I feel I have fresh views as well as an institutional
understanding that would be an asset for this board.
