

Grievance 2023-04
February 9, 2024

CM Jennifer Poirrier,

L1158 has decided not to pursue Grievance 2023-04 (Subcontracting). While we disagree with the response from ACM Slaughter and believe that subcontracting took place, we have decided that the best place to find a resolution for this issue is at the bargaining table. We look forward to working with you in the future.

Respectfully,

David Sowers
L1158 President
