2022 Club Car Connect Offering (U.S.) Contract: EV2671

This document details the Connectivity Offering for 2022 including:

- Product Descriptions
- Pricing.

The Product Family

Club Car continues to be the market leader in the Connectivity space providing highest quality hardware, innovative software solutions, and unmatched service & support.

The 2022 connectivity product family includes our highly differentiated in-car entertainment package with Shark Experience and the market leading suite of Fleet Management modules.

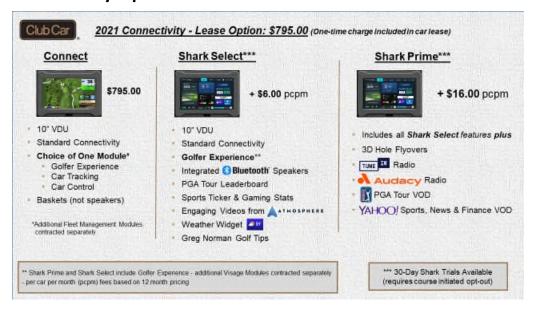

Club Car Connect

All 2022 Tempo and Precedent Fleet Golf 2 passenger vehicles (FLA, Gas, and Liion) can be ordered with connectivity solutions.

Connectivity Options:

Connect – This is the base level package and includes our new 10.1" HD Touchscreen VDU with updated graphics, one module of your choice. We would equip your fleet with our overhead basket consoles. Similar to our prior i3 package, this simplistic offering allows golf course operators to promote their facilities with external advertising and our AdMan Pro is available as an add-on option with this selection to really springboard external advertising campaigns.

Shark Select –This includes the Golfer Experience Module, Bluetooth pairing, overhead console with integrated speakers - which allow you to control the max volume on the golf course - Greg Norman Tips and 3D Flyovers. No external ads are permitted.

Shark Prime - Premium includes everything in the Shark Bluetooth package – plus Live PGA Tour Events, Yahoo News, Yahoo Sports, and Yahoo Finance. Again, no external ads permitted.

Please note: Shark Select and Shark Prime programming packages are supported by external sponsorships and advertising. Courses contracting Shark experience have the option to opt-out of sponsorships for a nominal monthly fee.
