Mr. Fred Hemerick
Water Production Coordinator
City of Clearwater
112 S. Osceola Avenue
Clearwater, Florida 33756

Dear Mr. Hemerick:

I am writing to confirm that De Nora Water Technologies (DNWT) is the original manufacturer and only supplier of our patented LP Block dual parallel underdrain system. The LP Block dual parallel underdrain system is a major component in your arsenic adsorbers. Replacement parts for the underdrain can only be purchased through DNWT furthermore DNWT does not authorize contractors as approved for underdrain maintenance services unless contracted and supervised by DNWT.

If I can provide any additional information, or address any other questions or concerns, please do not hesitate to contact me. I am always available by phone at 412-302-7306 or email frank.stanish@denora.com. Your satisfaction is our priority.

Kind Regards,

Frank Stanish
