**SUBJECT:** Mid Year Budget Review - Amended City Manager's Annual Budget Report

**DATE:** May 30, 2017

Attached is the Mid Year Budget Review in accordance with the City Code of Ordinances.

The report is based on six months of activity (October, 2016 through March, 2017) in this fiscal year. The report comments on major variances, as well as documents all proposed amendments.

Significant Fund amendments are outlined below:

**General Fund**

*General Fund revenue and expenditure amendments reflect a net increase of \$4,941,382.*

The General Fund expenditure increase at mid year is due to Council approved appropriations of General Fund reserves which total \$4,941,382. Amendments include \$107,750 to fund increased costs in the Missouri Avenue Median Beautification project; \$4,265,000 to fund the purchase of the 301 Pierce Street property; \$500,000 to fund the Imagine Clearwater Implementation project; and \$68,632 for the Keys settlement.

General Fund Reserves – In order to ensure adequate reserves, the City Council’s policy reflects that General Fund unappropriated fund reserves of 8.5% of the City’s budgeted General Fund expenditures must be maintained as a reserve to guard against future emergencies.

With the closing of the year-end 2016 books, and the allocation of reserves noted above, **estimated General Fund reserves at mid year are approximately \$26.1 million, or 19.8% of the current year’s General Fund budget, exceeding our minimum reserve requirement by \$14.9 million.**

---

Significant amendments to other City Operating Funds are noted as follows.

**Gas Fund**

Mid year amendments to Gas Fund expenditures reflect an increase of \$166,422. Significant amendments include a net decrease of \$175,000 in personnel costs, a net decrease of \$992,513 in operating costs primarily related to gas purchases, increased capital purchases which total \$163,140, and an increase of \$1,170,795 to transfers for the annual dividend payment to the General Fund. Amendments to Gas Fund revenues offset this expenditure increase.

**Solid Waste and Recycling Fund**

Mid year amendments to Solid Waste and Recycling Fund expenditures reflect an increase of \$80,000 to fund increased hauling and processing costs for single stream recycling. Amendments increasing operating revenues in the Solid Waste and Recycling Fund more than offset this expenditure increase.

**Parking Fund**

Expenditure amendments in the Parking Fund reflect a transfer of \$7,500 to the Beach Guard Facility Maintenance project to fund architectural drawings for a new guard tower to be built on north Clearwater beach. Operating revenues in the Parking Fund more than offset this budget increase.

---

**Capital Improvement Fund**

Mid year amendments to the Capital Improvement Fund reflect a net increase of \$21,104,496. This increase is primarily the result of the following amendments: increases which total \$20,194,063 to bond proceed revenues in various Water and Sewer Fund projects due to the scheduled utility bond issue; transfers from General Fund reserves for \$500,000 in the Imagine Clearwater Implementation project, and \$107,750 in the Missouri Avenue Median Beautification project; increases in the Jack Russell Demo & Refurbishment project representing \$100,000 in donation revenue and \$128,000 in General Fund revenue; and an increase of \$67,981 in grant funding from FDOT in the Druid Road Improvements project. All major project budget increases listed above have been previously approved by Council and are summarized on page 21.

**Special Program Fund**

The Special Program Fund reflects a net budget increase of \$1,035,749 at mid year. Significant amendments include the recognition of \$10,000 in grant revenues supporting the 2016 HVE Pedestrian and Bicycle Safety program; a total of \$122,706 in donation revenues for Library programs and the Police Department's Crime Prevention program; \$631,912 for the special events and sponsorship program; \$75,941 in fines and court proceeds to support public safety programs and the tree replacement program; and over \$195,190 in contractual service revenue for Police Extra Duty and Investigative Cost Recovery.

Mid Year budgets were projected in the following manner:

All department expenditure budgets have been established on a month-to-month basis so that projects identified in the report are not simply time percentages applied to annual budgets but rather department director's judgment of month-to-month expenditures. This technique was also used for revenue projections.

The actual and projected data contained in this review represents six months, October 1, 2016 through March 31, 2017. The adjustments, however, represent all data available at the time of the report, including action taken by the City Council after March 31, 2017.
