Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. ^{*} To review projects that may have a positive result in helping the Neighborhood residents. This may be an established and existing program that needs improvements or a new program that may provide help/assistance/to an area of the population in need. Seems like this Board looks at the programs that deal with common sense issues and solutions to problems

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. ^{*} ☒ Yes ☐ No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. ^{*} For 12 years I have been associated with the SVdP Soup kitchen, the first 5 as a volunteer cook and the past 7 as executive director. This has put me right at ground zero to see and experience the daily toil of the low income/working poor and outright homeless people living in our community. The needs are great but the will is there to find common logical ways to overcome some of the existing problems we face as a community. I think that I have to find solutions to problems every day and this gives me some valuable insight to the questions and problems the Board faces.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. ^{*} I think anytime a Board like this can have members that are actually hands on in the community, right at the point of impact it helps in the general discussion and decision making process if my serving on the Board can help that process to be as focused and effective as possible that I should apply..
