**Department Directors** 

**SUBJECT:** Mid Year Budget Review - Amended City Manager's Annual Budget Report

**DATE:** June 7, 2018

Attached is the Mid Year Budget Review in accordance with the City Code of Ordinances.

The report is based on six months of activity (October 2017 through March 2018) in this fiscal year. The report comments on major variances, as well as documents all proposed amendments.

Significant Fund amendments are outlined below:

#### **General Fund**

There are no amendments to the General Fund at mid year.

<u>General Fund Reserves</u> – In order to ensure adequate reserves, the City Council's policy reflects that General Fund unappropriated fund reserves of 8.5% of the City's budgeted General Fund expenditures must be maintained as a reserve to guard against future emergencies.

With the closing of the year-end 2017 books, and the allocation of reserves noted above, **estimated General** Fund reserves at mid year are approximately \$20.3 million, or 15.0% of the current year's General Fund budget, exceeding our minimum reserve requirement by \$8.8 million including the BP settlement funds. Exclusive of the BP funds, the remaining balance is \$2.3 million.

<u>Significant amendments</u> to other City Operating Funds are noted as follows.

#### **Gas Fund**

Expenditure amendments in the Gas Fund reflect an increase of \$1,045,470. Significant amendments include increases which total \$1,036,280 to various inventory (gas) purchased for resale and increases which total \$9,190 to various internal charges and for equipment purchases. These expenditure increases are offset by amendments increasing Gas Fund revenues.

Mid Year Budget Review Fiscal Year 2017-18 City Manager's Transmittal

#### **Solid Waste and Recycling Fund**

Mid year amendments to Solid Waste and Recycling Fund expenditures reflect a decrease of \$112,000 in garage service charges to offset amendments which reduce revenues.

#### **Capital Improvement Fund**

Mid year amendments to the Capital Improvement Fund reflect a net increase of \$284,939. This increase is primarily the result of the transfer of \$235,000 of recreation facility impact fees to the Moccasin Lake Park project which was previously approved by Council.

Project activity <u>not previously approved</u> by the Council is summarized on page 19. This includes increases in property owners share revenue of \$27,100 in the Pinellas New Mains-Service Lines project and \$23,868 in the Line Relocation – Pasco Capital project. These amendments will bring the budget in line with actual activity in the project.

#### **Special Program Fund**

The Special Program Fund reflects a net budget increase of \$1,302,575 at mid year. Significant amendments include: an increase of \$214,932 in insurance proceeds received for Hurricane Irma; \$26,100 in receipts from foreclosure registry fees collected; \$17,355 from the Pinellas County School Board for Police extra duty; \$643,997 in revenues for special events; \$219,653 in fines and court proceeds to support public safety programs and the tree replacement program; and \$170,212 in contractual service revenue for Police Extra Duty and Investigative Cost Recovery.

Mid Year budgets were projected in the following manner:

All department expenditure budgets have been established on a month-to-month basis so that projects identified in the report are not simply time percentages applied to annual budgets but rather department director's judgment of month-to-month expenditures. This technique was also used for revenue projections.

The actual and projected data contained in this review represents three months, October 1, 2017 through March 31, 2018. The adjustments, however, represent all data available at the time of the report, including action taken by the City Council after March 31, 2018.
