

Letter of Agreement and Contract

In this contract between the Clearwater Police Department ("Vendor") and University of North Florida Training and Services Institute, Inc., d/b/a Institute of Police Technology and Management ("IPTM"), the Vendor shall perform the services as outlined in the scope of services (Exhibits A & B). The contract period will begin upon execution and will end on May 17, 2019.

Total contract amount will not exceed \$50,000.00

The parties to this contract shall be bound by all applicable state and federal requirements as outlined in Florida Department of Transportation (FDOT) Project # 433144-1-8404, Contract # G0Y79. All services must be completed by May 17, 2019. The final invoice must be received by June 1, 2019 or payment will be forfeited.

It is expressly understood that the Vendor is an independent contractor, and not an agent of FDOT or the University. The Vendor agrees to be fully responsible for all claims for damages and liability arising out of the negligent or wrongful acts or omissions of its employees while acting within the scope of the employee's office or employment and while providing services under this contract. As "state agencies or subdivisions" of the State of Florida within the meaning of Section 768.28(2), Florida Statutes, FDOT, the University, and the Vendor's ("State Agencies" or individually "State Agency") respective total liability shall not exceed the limits of their waiver of sovereign immunity provided under Section 768.28, Florida Statutes. Nothing herein shall be construed as consent by the State Agencies to be sued by third parties in any matter arising out of this contract or as a waiver by the State Agencies of any immunities, rights or limits to liability provided by Florida law. Each State Agency shall be responsible for its own attorney fees in the event of a dispute.

In accordance with the contract, the Vendor is authorized to perform the tasks detailed in the scope of services (Exhibits A & B) and is fully responsible for satisfactory completion of all services. Services performed prior to receiving an executed contract from the University will not be eligible for reimbursement. This contract does not involve the purchase of Tangible Personal Property, as defined in Chapter 273, Florida Statutes.

To be eligible for reimbursement, all costs must be allowable pursuant to state and federal expenditure laws, rules and regulations and must be essential to the successful completion of the tasks identified in this contract for services.

If a cost benefits more than one project, a determination must be made that the cost is distributed in a reasonable and consistent manner across all benefiting projects.

CANCELLATION: This contract may be unilaterally cancelled by FDOT or the University for refusal by the Vendor to allow public access to all documents, papers, letters, or other material made or received by the Vendor in conjunction with this contract, unless Florida law provides that the records are confidential and/or exempt from the disclosure requirements of section 24(1) of Article 1 of the state constitution and section 119.07(1), Florida Statutes.

EXHIBIT "A"

SCOPE OF SERVICES PEDESTRIAN AND BICYCLE SAFETY ENFORCEMENT CAMPAIGN

I. OBJECTIVE:

The Florida Department of Transportation ("FDOT"), through a grant with University of North Florida ("University"), will utilize law enforcement support to educate and enforce safe pedestrian, bicyclist, and driver behaviors in priority counties in Florida. The main objective of this effort is to reduce traffic crashes resulting in serious and fatal injuries to pedestrians and bicyclists through the use of selected traffic education and enforcement operations.

II. PURPOSE:

In 2016, 3,176 people lost their lives in traffic crashes on Florida's roadways. More than 21% of them were pedestrians (667) and more than 4% were bicyclists (140).

The **Purpose** of this funding opportunity is to develop and implement effective community level high visibility enforcement operations in areas with the highest representation of traffic crashes resulting in serious and fatal injuries to pedestrians and bicyclists.

The project **Goal** is to increase awareness of and compliance with traffic laws that protect the safety of pedestrians and bicyclists on Florida's roads.

Pedestrians and bicyclists are more vulnerable than all other road users. Traffic crashes involving pedestrians and bicyclists are more likely to result in fatal or serious injuries than any other types of traffic crashes.

Speed, impairment, and distractions contribute to unsafe conditions for pedestrians and bicyclists and may be included in enforcement operations where there is data to support the need for these interventions to improve the safety of pedestrians and bicyclists.

Pedestrian decoys may only be included in enforcement operations to improve driver yield rates at mid-block crossing locations to improve the safety of pedestrians and bicyclists.

This campaign is a component of Florida's Bicycle/Pedestrian Focused Initiative and is implemented by the Institute of Police Technology and Management (IPTM) under the direction of the Florida Department of Transportation. This campaign supports the goals established in Florida's Pedestrian and Bicycle Strategic Safety Plan. High Visibility Enforcement activities are being implemented to educate pedestrians, bicyclists, and motorists on traffic laws pertaining to pedestrian and bicycle safety and to increase compliance with those laws.

III. SERVICES TO BE PROVIDED BY THE VENDOR:

- A. High Visibility Enforcement of all road users**, including pedestrians, bicyclists, and motorists, in an effort to change behaviors and improve the safety of pedestrians and bicyclists. Conduct on-street education and enforcement operations that include the distribution of educational materials with each contact. The issuance of warnings and/or citations to pedestrians, bicyclists, and motorists must comply with Florida Statutes. The Vendor must emphasize education and document educational efforts in each detail report throughout the entire contract period.
- B. Operations must begin within 30 days of the contract execution date.** Exceptions for delayed start may be approved if a State of Emergency is declared by the Governor that directly impacts the Vendors ability to perform. All exceptions require the approval of IPTM and FDOT.

- C. **The Vendor shall distribute the provided safety educational materials during ALL High Visibility Enforcement operations.** Materials are provided to you free of charge for this purpose. Enforcement agencies may elect to participate in bicycle light distribution to improve nighttime visibility and compliance with F.S. 316.2065(7). A Bicycle Light Distribution Assurance Form is required for each bicycle light set that is distributed. Bicycle Light Distribution Assurance Forms must be signed by the officer and included with the detail report submission.
- D. **Media Releases.** The Vendor is required to distribute a minimum of two (2) media releases during the contract period. The initial required media release announcing that operations are beginning must be distributed a minimum of seven (7) days in advance of the operation start date. The second required media release must include a reminder that enforcement operations are ongoing. This release must be distributed half way through the contract period. Additional media engagement is encouraged throughout the contract period. Media releases may include social or digital media, but must also be distributed through local media outlets. Proof of media engagement must be provided within 30 days of the press release or news report as a backup documentation component for invoicing during the period in which it is conducted.

IV. **IPTM RESPONSIBILITIES:**

IPTM will provide the required training/training materials, a copy of Florida's Pedestrian and Bicycle Strategic Safety Plan, and educational materials to the Vendor for distribution during enforcement operations upon contract execution. Additional educational materials, bicycle lights, and electronic media will may be requested by the Vendor, but are subject to availability. **IPTM reserves the right to review and audit the Vendor's compliance with the terms of this Letter of Agreement and Contract during business hours and at IPTM's sole expense. In the event IPTM determines that the Vendor is not averaging the required number of operations, hours, and officers in each operation over the period of time between the date delivery of services commences and the audit date, as agreed to herein, IPTM may reduce the funding for the remaining term of the Agreement by the percentage difference between the required number of operations and officers and the Actual Average. (Information regarding the "Actual Average" can be found on the last page of this contract.)**

V. **VENDOR RESPONSIBILITIES:**

ON-STREET OPERATIONS

Funding is restricted to on-street overtime operations **conducted by sworn enforcement officers** for the specific purpose of reducing traffic crashes that may result in serious or fatal injuries to pedestrians and bicyclists at the locations specified and at the level of effort listed in Exhibit B of this contract. The Vendor will be reimbursed based on performance of specific tasks listed within the contract. **Invoices must document that each officer has worked a minimum of 40-hours regular time during the period in which overtime enforcement details occurred in order to be eligible for reimbursement.** No hours may be charged for efforts other than those specified in Exhibit B of this contract. Example: General speed enforcement would not qualify for reimbursement, however, enforcing speed in a priority area where data reflects that speed is contributing to traffic crashes involving pedestrians and bicyclists would qualify for reimbursement. **Vendors will not be reimbursed for operations that take place outside of the identified areas listed in Exhibit B.**

These funds may not to be used to supplant the Vendor's ongoing enforcement and educational efforts or efforts funded by other local, state, or federal agreements. Duplicated efforts are not eligible for reimbursement. **Only sworn law enforcement officers are eligible to conduct activities under this agreement (Community Service Officer (CSO) are not eligible for reimbursement).**

High Visibility Enforcement details and the required four (4) hour classroom based training that are conducted after the initial forty (40) hour requirement is met are eligible for reimbursement through this contract. **Hours that are not in excess of an officers normal 40-hour work week are not eligible for reimbursement.** Other enforcement operations, roll call video training, outreach, school events, administrative time, etc. are not eligible for reimbursement under this contract, even if they exceed a normal forty (40) hour work week.

NON-DISCRIMINATION AND ETHICAL STANDARDS

No person shall, on the ground of race, color, religion, sex, handicap, or national origin, be subjected to discrimination under any program or activity supported by this contract. The agency agrees to comply with the Florida Civil Rights Act (F.S. 760)

http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0700-0799/0760/0760.html

All officers participating in High Visibility Enforcement activities are required to comply with the Law Enforcement Officer Ethical Standards of Conduct as established by the Florida Department of Law Enforcement. <https://www.fdle.state.fl.us/Content/CJST/Menu/Officer-Requirements-Main-Page/LE-Ethical-Standards-of-Conduct.aspx>

TRAINING & PERSONNEL RATES

Training is mandatory for all officers performing high visibility enforcement.

Officers that qualified in FY 17/18 (took and passed the roll call training videos and quizzes) are eligible to participate in FY 18/19 without additional training.

Any officer that did not qualify in FY 17/18 is required to participate in the four (4) hour classroom based training before they are eligible to participate in High Visibility Enforcement Details beginning July 1, 2018.

All officers will be required to complete the four (4) hour classroom based training to be eligible to work high visibility enforcement details beginning July 1, 2019.

Note: The four (4) hour classroom based training is provided free of charge through the Institute of Police Technology and Management (IPTM). Information on how to schedule the four (4) hour classroom based training will be provided to all applicant agencies. The training delivery will be prioritized based on need. Officers are not required to be trained before the agency applies.

Officers time for completing the four (4) hour classroom based training is eligible for reimbursement under this contract only after the officer qualifies for overtime pay (after first completing their normal forty (40) hour work week). Officers time for completing the training during their normal forty (40) hour work week is not eligible for reimbursement under this contract.

OPTIONAL: We strongly encourage all officers to take the following roll call video training annually as a refresher:

“Pedestrian Safety Training for Law Enforcement” <http://www.iadlest.org/Projects/NLEARN.aspx>

“Enhancing Bicycle Safety: Law Enforcement’s Role” <http://www.iadlest.org/Projects/NLEARN.aspx>

Prior to commencing the services outlined under this contract, Vendor must submit a signed and dated list of personnel authorized to perform overtime operations under this agreement. A certification of completion of the required training, and the fully-loaded hourly overtime rate range (no more than +/- \$5.00) to be used for each officer must be submitted with the personnel authorization. The contract hourly billing rate range shall include the costs of hourly overtime plus associated fringe benefits. Only hours from officers listed and within the rate range shown on the authorized personnel list are eligible for reimbursement under this agreement. The

authorized personnel list may be updated to add officers and update billing rates, but no hours may be charged for any individual officer until after the updated personnel list has been signed and dated showing their contract billing rate and verifying training has been completed. (Note – All rates must match the payroll documentation submitted with each monthly invoice.)

CORE ACTIVITY PERFORMANCE MEASURES / MINIMUM LEVEL OF SERVICE TO BE PERFORMED AND CRITERIA FOR EVALUATING SUCCESSFUL COMPLETION.

Each Law Enforcement Agency is encouraged to complete all of the tasks as outlined within this contract. All agencies are required to complete a minimum of (80%) eighty percent of contracted efforts outlined within their High Visibility Enforcement contract within the contract period to be eligible for “agency of the year award” consideration. Each successive fiscal year, agencies will be prioritized for funding based on percentage of performance expectations that were met. Performance will be tracked through monthly activity reports and measured against the established enforcement plan.

CONSEQUENCES FOR NON PERFORMANCE

If the Vendor is not meeting the agreed upon level of effort as outlined in Exhibit B, the full amount of funding for subsequent periods will be reduced. In the event that the required services are in dispute, the invoice may be pro-rated, reduced, or withheld until adequate documentation is provided to support the completion of such services and the dispute is resolved. If minimum performance requirements are not met, the invoice will be pro-rated, and payment will only be made for services that were completed as outlined in this agreement.

INVOICES

Invoices must be submitted at least monthly (every 30 days), beginning within 60 days of the contract execution date. Failure to submit invoices as outlined in this contract may result in termination of the agreement. If payroll is bi-weekly, invoices may be submitted after every two pay periods. Invoices must contain the following:

- **Invoice:** summary of hours charged and total due. Vendor must use the invoice template provided by IPTM.
- **Personnel Timesheets:** total hours for each individual officer must be reported. Total hours include hours worked on this contract, and any other hours the officer works during the month. The timesheets should clearly indicate that the hours charged to this HVE contract are above and beyond the officer’s normal 40-hour workweek. - **Activity Reporting form:** one page for each operation/location completed showing officers assigned, date, times, location, safety issue addressed and corresponding enforcement approaches used, contacts overview, number of materials distributed, and the numbers of warnings and citations issued to motorist, pedestrians, and bicyclists under each Statute. Vendors must utilize the Activity Reporting Form template provided by IPTM.
- **Payroll documentation:** Vendor must submit payroll documentation to accompany each invoice. This payroll documentation should clearly indicate overtime rates that match the invoice, when each officer performed overtime activities (must match the personnel timesheet), that the hours being claimed are for hours worked in excess of the normal 40 hour workweek, and must include either a pay stub or payroll ledger documenting payment to each officer for which you are requesting reimbursement. Any personal information, such as social security numbers, should be redacted.

- **Personnel Letter:** Prior to commencing the services outlined under this contract, Vendor must submit a signed and dated list of personnel authorized to perform overtime operations under this agreement, including a certification of completion of the required training, and a fully-loaded hourly overtime rate range (no more than +/- \$5.00) to be used for each officer. Time for training may not be charged to this contract.
- **Proof of Media Engagement:** Proof of media engagement must be provided within 30 days of the press release or news report as a backup documentation component for invoicing during the period in which it is conducted. See Section III for additional details.

All invoices must include the dates of service (to/from) and the following certification statement: "All costs are true and valid costs incurred in accordance with the agreement, deliverables were received and accepted." Only amendments to the contract which achieve or improve upon the outcome of the project as determined by the funding agency and any state or federal regulations that govern such changes will be considered for approval.

The State of Florida's performance and obligation to reimburse the vendor shall be subject to the availability of Federal highway safety funds and an annual appropriation by the Legislature. As detailed in 49 CFR, Part 29, **Governmentwide Debarment and Suspension (Nonprocurement) and Governmentwide Requirements for Drug-Free Workplace**, herein incorporated by reference, the vendor shall not be reimbursed for the cost of goods or services received from contractors, consultants, vendors, or individuals suspended, debarred, or otherwise excluded from doing business with the Federal government. In this case, formal written approval will be provided to the vendor from the University or FDOT State Safety Office Program Manager.

Funds may not be obligated prior to the effective date or subsequent to the end date of the contract service period. Only costs incurred on or after the effective date of the contract and on or prior to the end date of the contract are eligible for payment. A cost is incurred when the vendors employee or approved subcontractor performs the service required or when goods are received by the vendor, notwithstanding the date of order.

In the event of default, noncompliance, or violation of any provision of this contract by the vendor, the vendors consultant(s) or contractor(s) and supplier(s), the vendor agrees that the University will impose sanctions. Such sanctions include withholding of payment, retainage, cancellation, termination, or suspension of the contract in whole or in part. In such an event, the University shall notify the vendor of such decision 30 days in advance of the effective date of such sanction. The sanctions imposed by the University will be based upon the severity of the violation, the ability to remedy, and the effect on contract performance. By entering into this contract, the vendor agrees to comply and cooperate with monitoring procedures. In the event that a limited scope audit of the contract is performed, the vendor agrees to bring the project into compliance with the contractual service agreement. The vendor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

The vendor agrees to comply with all provisions provided in Chapter 119 Florida Statutes. If the vendor receives a public records request concerning its work undertaken pursuant to this contract, the vendor must take appropriate action as required by Chapter 119, Florida Statutes.

The University shall unilaterally cancel this contract if the vendor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S., and made or received by the vendor in conjunction with this contract.

Records of costs incurred under the terms of this contract shall be maintained and made available upon request to the University at all times during the period of this contract and for five years after final payment is made. Copies of these documents and records shall be furnished to the University upon request. Records of costs incurred include the vendors general accounting records and the contract records, together with supporting documents and records, of the vendor and all subcontractors performing work on the contract, and all other records of the vendor and subcontractors considered necessary by the University for a proper audit of costs. The administration of resources awarded through the University to the vendor by this Agreement may be subject to audits and/or monitoring by the University. The following requirements do not limit the authority of the University to conduct or arrange for additional audits or evaluations of contracts issued pursuant to Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The vendor shall comply with all audit and audit reporting requirements as specified below.

(a) In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by University staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to contracts issued pursuant to Federal awards

provided through the University. By entering into this contract, the vendor agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the University. The vendor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the University, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.

(b) The vendor, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a sub-recipient of a contract pursuant to a Federal award awarded by the University is subject to the following requirements:

(1) In the event the vendor expends a total amount of contracted funds pursuant to a Federal award equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the vendor must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. This contract provides the required Federal award identification information needed by the vendor to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining contracted funds pursuant to Federal awards expended in a fiscal year, the vendor must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the University by this contract. The determination of amounts of Federally awarded funds expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

(2) In connection with the audit requirements, the vendor shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

(3) In the event the vendor expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the vendor is exempt from Federal audit requirements for that fiscal year. However, the vendor must provide a single audit exemption statement to the Florida Department of Transportation at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the sub-recipient's audit period for each applicable audit year. In the event the sub-recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from the vendors resources obtained from other than Federal entities).
