Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. *

My understanding of the duties and responsibilities of the boards is for me to be assistive to the boards by providing my insight and thoughts/opinions on areas of discussion as well as my direction as to how the board should handle a certain issue or go about implementing a new idea. With the sister cities board, it would be my duty/responsibility to help bring new ideas to the city and sister city to be engaged in exciting and engaging activities that could incorporate both cities as a whole so that both Clearwater and Nagano can learn more about each other and what makes up their cities. For the Environmental advisory board, I would be assistive by helping recognize issues that impact our cities environment and help provide solutions that could help resolve potential issues within the cities environment. With the Charter review committee, I would help provide input as to what the new city charter would encompass and incorporate into it. I would listen to residents input to help base my decisions off of what they would like to see within the updated charter.

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. *

☒ Yes ☐ No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. *

1. I am the Secretary for the Clearwater Neighborhoods Coalition. I provide official meeting minutes and other correspondence to members of this nonprofit organization. I serve as a board officer and work on projects and assignments to further enhance the mission of the organization. This organization represents neighborhoods in the City of Clearwater and works to resolve issues impact residents of the City of Clearwater.

2. I serve on both the Drew Street Complete Street committee as well as the City-Wide Complete Street committee. Serving on this committee, I am able to provide my input for areas where I think road improvements can be made to enhance traffic for multiple types of transportation. By serving on this committee, I am able to speak with others within the community and get their input and their thoughts and bring that back to the committee so their input can be heard. As a youth, I am very interested in the City of Clearwater as well as giving my input and having a voice in decisions that the city makes.

3. I am a recent Clearwater Citizens Academy graduate and during my time in the class, I had the wonderful opportunity to learn more about the different departments within the city and the role that each department plays to ensure that the city functions properly.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. *

Over the past 9 years, being active within the city of Clearwater has been a great experience for me to learn more about the city and how it operates. It has been very exciting to bring a youth perspective to the table and that is what I would always strive to do on these boards. I truly enjoy being active within the city and I feel that this would be an appropriate way to go about accomplishing that goal.
