Education & Work

Highest Level of Education Master's degree

Occupation If retired, enter former occupation:
Health care consultant

Employer

Relevant Work Experience I have led small and large teams as a project manager and as a process improvement expert. I am a nurse by background although my most recent work experience has been as an IT health care consultant. In these roles I am able to lead teams and to be a team member. I have extensive experience in analyzing current state and current processes and in mentoring teams towards creating solutions to issues that have been identified.

Community Activities Member of Clearwater Citizens Academy, Class of 2018.
Guardian Ad Litem
Big Sister in BBBS program

Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. *

Advisory Boards are designed to do just that, to advise. Members of the Board bring to the table their relevant experience, insights and knowledge which are based on their work and life experience. This provides the decision-making bodies the benefit of speaking with members of the community who understand the issues, who will be impacted by any decisions and who can advise on an appropriate course of action. Strategy and direction can then be developed with the input and support of the Board members. This way a more representative course of action can be developed. This approach helps the City act in a more responsive way to the needs of the community.

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. *

☒ Yes ☐ No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. *

I have been a resident of Clearwater for 26 years and I love this city. I am highly motivated to help Clearwater find solutions to the many issues that face the city today. I have work experience in providing consultative advisory services to healthcare corporations throughout the United States. In that role, I have gained an understanding of the importance of the role of the Advisory Board and as a consultant I have supported organizations to identify priorities and goals, to develop strategies to meet those goals and to address challenges and issues as they arise. I have a Masters of Business Administration as well as certification as a Lean Six Sigma Black Belt. I also have extensive work experience in leading teams as a project manager and as a process improvement specialist. These goal-oriented skills and experiences are very helpful while participating in Advisory Board activities.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. *

As I mentioned above, I am a long time resident of Clearwater and I love this city. I now have more free time and I'd like to devote some of that time to civic activities. I think engagement in civic life is extremely important and I would be honored to offer my skills and experience to help Clearwater be a great city.
