Subject: Chart House Suites - Decade Properties - Please Vote "NO"

Attention to Mayor George N. Cretekos and Council Members: [Dr. Bob Cundiff](#); [David Allbritton](#); [Hoyt Hamilton](#) and Jay Polglaze

"We ask for your support in voting **"NO"** on the allocation of 27 Units to Decade Properties and the building of an 8 floor, 96' high, 60 room hotel, covering 75% of 661 acres with concrete as proposed by Decade Properties."

Please take the time and visit our neighborhood so you can better understand how we feel about this situation. Would you want a large hotel/condo business to invade your neighborhood with all of the issues that more tourism brings? Aren't there enough hotels/condos being built on Clearwater Beach? Hasn't the traffic on Clearwater Beach getting to be unbearable not only for tourists, but especially for residents? Soon the Dreamview Hotel will be replaced with the Marriott project and JVC will be building their project where the old Holiday Inn was. Is it really necessary to destroy the beautiful low-rise manicured area of Clearwater Pointe to introduce another huge hotel/condo? Please vote **"NO"** in this proposition that is now well-known to many in Pinellas County! Thanks in advance!
