RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 3/30/2019. However, the new application is due 1/31/2019.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link:
<HTTPS://fdotwpl.dot.state.fl.us/ContractorPreQualification/>

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:

COMPUTERIZED TRAFFIC CONTROL, ELECTRICAL WORK, INTELLIGENT TRANSPORTATION SYSTEMS, ROADWAY SIGNING, TRAFFIC SIGNAL, NAVIGATION LIGHTING, FIBER OPTIC CABLE INSTALLATION, SPLICING & TESTING, ACCESS CONTROL SYSTEMS, CCTV, VIDEO AND FENCE DETECTION

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

Alan Autry, Manager
Contracts Administration Office

January 17, 2019

Dear Donald Hawkins,

Congratulations! You have successfully fulfilled your BICSI® RCDD recertification requirements and your credential has been recertified. Your new certification cycle is **1/1/2019 - 12/31/2021**.

A certificate suitable for framing is enclosed. We encourage you to display your certificate and let colleagues know of your accomplishment. You worked hard to earn your credential, now display it with pride by purchasing a BICSI certificate frame at www.framingsuccess.com.

To receive your respective complimentary electronic logo, please email bicsi@bicsi.org.

Self-inking stamps are available for order by logging on to your BICSI dashboard at www.bicsi.org and selecting "Order Credential Stamps". The cost per stamp is \$25, including tax and shipping. Complimentary Electronic stamps can also be requested by emailing credentialing@bicsi.org.

It is critical that you protect the integrity of the RCDD credential by adhering to the BICSI Code of Ethics and Standards of Conduct. Adherence is a mandatory requirement for the continuance of the credential.

Your designation is certifiable every three (3) years by obtaining a minimum of 45 hours of BICSI approved ICT continuing education credits (CECs) and one (1) BICSI qualifying conference credit in addition to submitting a recertification application and appropriate fees. Your next recertification will be due on **12/31/2021** and will need to adhere to the "Continuing Education Credit program" policies. <https://www.bicsi.org/education-certification/certification/bicsi-credential-renewal>

Note: CECs may be submitted via your BICSI account dashboard as you earn them and may take up to 30 business days to process from date received. Once the CECs post to your transcript, an email will be sent notifying you of the update.

If you need CECs to retain your certification, consider registering for an online BICSI CONNECT course; a budget-friendly and efficient way to earn the credits you need before your expiration date. For a complete list of online courses, upcoming BICSI conferences, instructor led courses and other CEC-earning events, please visit www.bicsi.org.

Please keep your contact information current as important information and recertification reminders will be sent throughout your registration cycle. You may update your information at any time by logging into your BICSI account dashboard.

We are always looking to enhance our offerings. We would like to hear from you about why you chose to recertify your certification and what we can do to improve our BICSI credentialing program. Please take a minute to complete a brief survey so we may better our program. We appreciate your time and valuable input.
<https://www.surveymonkey.com/r/D9ZKY3Z>.

Thank you for your continued support of BICSI and the RCDD program! Should you have any questions regarding the use of your professional designation, please do not hesitate to contact us.

Sincerely,

Ronda Thomas, CAE, SPHR, SHRM-SCP

INNOVATION IN COMMUNICATIONS NETWORKS

Precision Contracting Services, Inc.

Martin County Community Broadband Network

Martin County, Florida, United States

WINNER

Martin County, Fla., leased fiber for a metropolitan area network that supported the current and future data needs of 280 public safety, government, healthcare, and educational agencies. When the lease was up for renewal, the provider proposed a five-year deal that escalated from \$220,000 the first year to \$1.2 million the last three years. The county decided to build its own fiber network within the six months before contract renewal.

The project required 86 miles of outside-plant fiber-optic network infrastructure to be permitted, installed, terminated, and tested. Fifty-three sites were to be integrated into the broadband network and bidders received scant detail on how to achieve this. The winning design-build contractor proposed a 25 percent savings over the budgeted project cost.

Precision Contracting Services (PCS) used PCS FiberTrak and Bentley's communications software to quickly design the county-wide network. Bentley's communications software enabled PCS to build an accurate model accessible to county agencies and departments. The collaborative process allowed PCS to achieve the ambitious permit and construction goals and complete the build-out and changeover ahead of schedule.

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

► Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type.
See Specific instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Precision Contracting Services, INC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☒ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ►

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ►

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

15834 Guild Court

6 City, state, and ZIP code

Jupiter, FL 33478

7 List account number(s) here (optional)

Requester's name and address (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

____ - ____ - ____

or

Employer identification number

59 - 3057681

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.
