## Questionnaire

**Question 1.** What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. \*      Reviews, monitors & evaluates programs in the City directed to improving the physical environment & lifestyle of low to moderate income people; makes recommendations to City Manager & Council. Also receives requests for funding and evaluates those requests and vote on them accordingly.

**Question 2.** Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. \*      ☒ Yes ☐ No

**Question 3.** What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. \*      My experience working in the private residential market for the first eight years of my professional career; and the last ten years working on affordable housing, has equipped me with a better understanding of the need for local planning policies that are intended to promote residential development in mixed use projects and create mixed balanced communities. My background and knowledge of the affordable housing market, my knowledge of architectural design, and the ability to create affordable housing products that compare to the private residential market, make me a valuable resource in the affordable housing world. Since being employed with Habitat for Humanity of Pinellas County and working for an organization that believes that all people deserve affordable and decent place to live, it has allowed me the privilege to assist with the completion of over 300+ more affordable housing solutions, and has given me a great insight of the needs of Pinellas County.

I started in the Affordable Housing Non-Profit world as a volunteer and have grown thru the organization as a skilled labor, supervisor, and currently in an executive level position. In my leadership role and association with affordable housing in Pinellas County, and specifically with the City of Clearwater; I have seen many levels of change directly affected by economy and need; and have continued to accept and resolve challenges for those persons in need. I have a bachelor's and Master's Degree in Architecture and have worked in the construction related fields for over 20 years.

**Question 4.** Why do you want to serve on the Board(s)?

Answer 4. \*

I know the need in Pinellas County is great, and I want to be part of a board that makes decisions based on facts. As a member of the Neighborhood Affordable Housing Advisory Board, I will be able to make recommendations that will have a lasting impact in our community and help the City of Clearwater achieve the goals of our community.

Date \*

4/28/2018
