EXAMPLES

The Office of Insurance Regulation company search does not require you to know exactly how Office of Insurance Regulation has the company's name recorded. It will take your input and return every name that contains your input as it appears in any part of all records. In other words, if your search is:

Floricorp

then the search will return all the names that have "Floricorp" in any part of the record. For example:

FLORICORP, INC.
FLORICORP PROPERTY AND CASUALTY COMPANY
SOUTHERN FLORICORP UNLIMITED

If you entered

Floricorp P

you would get only

FLORICORP PROPERTY AND CASUALTY COMPANY

Note that even though the whole name is searched, the service still looks for an exact match. So if you entered

FLORICORP,

(i.e., with a comma) you would only get

FLORICORP, INC.
