Jason Jennings, BSB  
Division Manager  
City of Clearwater  
Public Utilities Department  
1650 N. Arcturas Ave. Bldg. C  
Clearwater, FL. 33765

Jason,

As of the writing of this letter, we have no more room for land application, and we will be taking your biosolids to The Compost USA facility in Lake Panasoffkee tomorrow. As you are aware, we are working with our engineers and the FDEP on a new application site that we could utilize in the future if approved. We will keep you posted as to any new developments on that site. If land becomes available we will go back to the land application of your biosolids. We will provide all the necessary documentation from the Residuals Management Facility to show the acceptance and treatment of your biosolids to Class AA levels as prescribed by the FDEP.

If you have any questions, please feel free to contact me at any time.

Sincerely,

Tom Otermat
