Relevant Work Experience I completed the Clearwater 101 Academy two sessions ago and was encouraged by the then-mayor to jump on any openings on any advisory boards as such opportunities present themselves, otherwise our time spent in the 101 Academy would have been a complete waste of time.

The vast majority of my work experience has revolved around recruitment, operations, team management as well as financial management and investment research. I'll leave it up to others to determine if this experience has any direct and immediate relevance to the Marine Advisory Board. However, I do find that my work experience tends to have at least some relevance to pretty much any task at hand.

Community Activities I'm a director of the Skycrest Neighborhood Association. I attend CNC meetings. I watch all City Council, DDB and CRA meetings and work sessions. I was actively involved in the most recent City Council elections. I also intend to run for City Council next year.

Questionnaire

Question 1. What is your understanding of the duties and responsibilities of the Board(s)?

Answer 1. * To make recommendations to the City Council regarding City marinas and waterways.

Question 2. Have you ever observed a board meeting either in person or on C-View, the City's TV station?

Answer 2. * ☒ Yes ☐ No

Question 3. What background, experience, or education qualifies you to serve on the Board(s)?

Answer 3. * I covered this subject somewhat earlier in this submission, but I'd like to add that I believe my 15 years of involvement in the local community and understanding what the concerns of the community are with respect to City marinas and waterways are themselves forms of experience relevant to serving on the Marine Advisory Board.

Question 4. Why do you want to serve on the Board(s)?

Answer 4. * It's important to me to be as involved as possible in local city government. I intend to run for city council next year. It only makes sense to get involved on one of the advisory boards. I've been wanting to get on one of the boards since doing the CW 101 Academy but there have been few opportunities to do so.
