OFFICIAL RECORDS AND  
LEGISLATIVE SRVCS DEPT.

I, Daniel Kasman, have personally examined the property described in the Municipal Code Enforcement Board Order dated February 24, 2021 in the above mentioned case, and find that as of January 7, 2021 said property is NOT in compliance with

3-1502.B. - \*\*EXTERIOR SURFACES\*\* All building walls shall be maintained in a secure and attractive manner. All defective structural and decorative elements of any building wall shall be repaired or replaced in a workmanlike manner to match as closely as possible the original materials and construction of the building. Exterior surfaces shall be free of mildew; rust; loose material including peeling paint; and patching, painting or resurfacing shall be accomplished to match the existing or adjacent surfaces as to material, color, bond and joining. All exterior surfaces other than decay-resistant wood and other weather durable finishes, shall be protected from the elements by paint or other protective covering applied and maintained in accord with manufacturer's specifications and otherwise treated in a consistent manner.

This shall result in a fine to run daily until the violator notifies the Code Compliance Division. After notification from the violator, the inspector will complete an inspection to determine compliance and the fine shall cease upon the date of the inspection in which compliance is achieved.
