The Clearwater Main Library is a partner in the Clearwater Business SPARK ecosystem of organizations working to support the development of entrepreneurship and small businesses throughout Clearwater. This partnership was prompted by the ULI report recommending public/private partnerships to encourage business growth in this area.

The Main Library has a prominent position in the CRA area and will provide education and training in the Business and STEM areas through research opportunities, STEM maker space areas, classes and tutorials and meeting accommodation.

The CRA funding will pay one staff member to oversee these functions, assist with additional library hours to make the facility available when needed by the business community and provide educational and training

opportunities.
