SUBJECT/RECOMMENDATION:

Approve an amendment to modify the description of use for an existing Sovereign Submerged Lands Easement, recorded in Official Records Book 17424, Page 1560 of the Public Records of Pinellas County, Florida and authorize the appropriate officials to execute same. (consent)

SUMMARY:

The current Sovereign Submerged Lands Easement that the City of Clearwater has with the State of Florida allows for the Douglas Avenue bridge structure, sanitary sewer force main, and reclaimed water pipeline to be installed and maintained on state owned land. The Fire Station 51 Fiber Optic Project will require this easement to be amended and allow fiber optic cable into the easement that will run along the east side of the bridge.

The purpose of this project is to provide Fire Station 51 with fiber optic capabilities. Fiber optic cable will be extended from existing cables at the Marshall Street Wastewater Treatment Plant, to Fire Station 51 on Overbrook Avenue.
