### SUBJECT/RECOMMENDATION:

Approve the annexation, initial Future Land Use Map designation of Residential Low (RL) and initial Zoning Atlas designation of Low Medium Density Residential (LMDR) District for 3035 Hoyt Avenue and pass Ordinances 9039-17, 9040-17, and 9041-17 on first reading. (ANX2017-04009)

### SUMMARY:

This voluntary annexation petition involves a 0.21-acre property consisting of one parcel of land occupied by a single-family dwelling. The property is located on the southeast corner of Hoyt Avenue and Moss Avenue approximately 650 feet west of N McMullen Booth Road. The applicants are requesting annexation in order to receive sanitary sewer and solid waste service from the City and will be connected to the city sanitary sewer as part of the Kapok Terrace Sanitary Sewer System Extension Project. The property is located within an enclave and is contiguous to existing city boundaries on the south and west. It is proposed that the property be assigned a Future Land Use Map designation of Residential Low (RL) and a Zoning Atlas designation of Low Medium Density Residential (LMDR).

The Planning and Development Department determined that the proposed annexation is consistent with the provisions of Community Development Code Section 4-604.E as follows:

- The property currently receives water service from the City of Clearwater. Collection of solid waste will be provided to the property by the City. The applicants will connect to the City's sanitary sewer service when it is available, and are aware of the fee that must be paid in order to connect and the financial incentives available. The property is located within Police District III and service will be administered through the district headquarters located at 2851 N. McMullen Booth Road. Fire and emergency

medical services will be provided to the property by Station 49 located at 565 Sky Harbor Drive. The City has adequate capacity to serve the property with sanitary sewer, solid waste, police, fire and EMS service. The proposed annexation will not have an adverse effect on public facilities and their levels of service; and

- The proposed annexation is consistent with and promotes the following objectives and policy of the Clearwater Comprehensive Plan:

Objective A.6.4 Due to the built-out character of the City of Clearwater, compact urban development within the urban service area shall be promoted through application of the Clearwater Community Development Code.

Objective A.7.2 Diversify and expand the City's tax base through the annexation of a variety of land uses located within the Clearwater Planning Area.

Policy A.7.2.3 Continue to process voluntary annexations for single-family residential properties upon request.

- The proposed Residential Low (RL) Future Land Use Map category is consistent with the current Countywide Plan designation of this property. This designation primarily permits residential uses at a density of 5 units per acre. The proposed zoning district to be assigned to the property is the Low Medium Density Residential (LMDR) District. The use of the subject property is consistent with the uses allowed in the District and the property exceeds the District's minimum dimensional requirements. The proposed annexation is therefore consistent with the Countywide Plan and the City's Comprehensive Plan and Community Development Code; and
- The property proposed for annexation is contiguous to existing city boundaries on the south and west; therefore the annexation is consistent with Florida Statutes Chapter 171.044.
