SUMMARY:

The Florida Legislature enacted the William E. Sadowski Affordable Housing Act (Act) in 1992. The Act created a dedicated revenue source for state and local housing trust funds including the State Housing Initiatives Partnership (SHIP) Program.

Through the SHIP Program, Economic Development and Housing has provided funding for the following housing activities: Downpayment and closing costs assistance of existing structures; the construction of new dwellings; the rehabilitation of owner-occupied single-family dwellings; and the construction, acquisition, and rehabilitation of rental properties.

All local governments receiving SHIP funds must submit their annual report to the Florida Housing Finance Corporation by September 15 of each year. The annual report provides details of expended, encumbered, and unencumbered funds and a proposal for use of any unused funds. The report also provide information on the strategies funded, the number of households served, and income category, age, family size, race and other data regarding special needs populations such as homeless persons, persons with disabilities and the elderly. The report is submitted electronically to the State of Florida.

For closeout year 2014-2015, the City received \$760,187.50 from the state annual distribution, receipt of program income, interest and carryover funds from previous year. The department assisted forty-one families utilizing its approved strategies. The department also used these SHIP funds and SHIP program income to

match federal program funds to support other existing housing programs.

For interim year 2015-2016, the expended, encumbered, and unencumbered amounts are \$149,643.14, \$535,763.81, and \$0.00 respectively. Total Revenue (Actual and/or Anticipated), including +/- carryover funds is \$660.151.34.

For interim year 2016-2017, the expended, encumbered, and unencumbered amounts are \$53,198.08, \$87,762.00, and \$777,457.54, respectively. Total Revenue (Actual and/or Anticipated), including +/- carryover funds is \$918,417.62

SHIP funding has a positive impact on the City's economy, as evidenced by activities in closeout year 2014-2015, where the City expended \$760,765 in SHIP dollars to leverage over \$3.8 million in other funds.
