SUMMARY:

This project will demolish the old Fire Station 45, the adjacent garage and south parking lot located on 610 Franklin Street. The new Fire Station 45 was completed in late 2014 at 1140 Court Street.

Six bids were received. After comparing and evaluating the bids, the Engineering Department has determined the lowest responsible bid, including the alternate, from Mid-south, LLC is consistent with project scope and recommends award of this demolition contract to Mid-South, LLC.

It is anticipated that demolition will be accomplished within 90 days from Notice to Proceed.
