SUBJECT/RECOMMENDATION:

Approve a Utility Work by Highway Contractor Agreement with the Florida Department of Transportation, in the amount of \$183,755, to remove natural gas mains along State Road 52, from the Suncoast Parkway to US Highway 41, and authorize the appropriate officials to execute same and adopt Resolution 19-05.

SUMMARY:

The Florida Department of Transportation (FDOT) has a project (FPN: 256323-1-52-02) to widen/improve State Road 52 (Schrader Highway) From West of Suncoast Parkway to East of US 41 including roadway, sidewalk, other improvements, and utilities to include those existing Clearwater Gas facilities which conflict with the design.

Under the Utility Work by Highway Contractor Agreement (UWHCA), the State of Florida's Department of Transportation general contractor will perform the removal of existing natural gas mains. Having the State of Florida's Department of Transportation general contractor remove the natural gas mains allows for work to be done in a timely manner and releases Clearwater Gas System from penalty payments.

APPROPRIATION CODE AND AMOUNT:

Funding for this agreement is available in capital project 323-7323-96376 - Pasco New Mains and Service Lines.
