### SUBJECT/RECOMMENDATION:

Approve pension plan expenditures for Fiscal Year 2021 totaling not-to-exceed \$381,300.

### SUMMARY:

The Employees' Pension Plan does not have a legally required budget, however all expenditures must be approved by the Trustees. The following are routine administrative expenditures that staff is requesting approval of for administrative efficiency.

The recommended expenditures for fiscal year 2021 reflect a \$600, or 0.2% increase over the approved fiscal 2020 expenditures. This net increase results from increases in administrative services provided by Human Resources, Payroll, and Information Technology, offset by decreased costs for Accounting, Finance, and actuary fees.

Training and travel are the estimated costs of pension training and related travel, including fiduciary training for the Trustees and Pension Advisory Committee (PAC) members. This is a not-to-exceed amount given uncertainty regarding the number of Trustees and PAC members that may elect to pursue training.

Expenditures for physicals are per the pension ordinance requirement that new employees must pass a comprehensive physical exam to be accepted into the pension plan.

Reimbursements to the General Fund and Central Insurance Fund are for the cost of oversight and administration of the Plan. The reimbursements are for services provided by Human Resources, Payroll, and Finance personnel, along with related operating expenditures.

The firm of Klausner, Kaufman, Jensen and Levinson currently serves as the Plan's pension attorneys. Annual attorney fees also include medical bills for medical services authorized by the PAC, as well as attorney fees for disability cases and hearings.

Money manager, performance measurement consulting, custodial/safekeeping, and actuary fees (other than actuary hourly consulting and special projects) are all governed by contracts separately approved by the Trustees and are not included in this agenda item total.
