A request for letters of interest was published on January 17, 2024. Interested parties were provided with 30 days to respond to the notice. Two responses were received, one from Jump Shot Hauling and Junk Removal and the other from CSF. Of the two responses received, only CSF's response provided information required to properly evaluate the response. Therefore, staff is recommending the donation of the property to CSF for the deed restricted use of affordable housing. CSF plans to develop an income-restricted 750 sf, 2-bedroom, 1-bathroom home to be rented to a U.S. Military Veteran who is in need of housing. CSF anticipates that vertical construction will commence within three months and anticipates leasing the completed home within six months of the date of acquisition. The building will be constructed with Structall Building System's steel insulated panels which combines framing, high efficiency insulation and sheathing in order to decrease construction time and increase the energy efficiency of the home.
